# CHAPTER 1:

## *Getting started as a member*

---

**SECTION 1 Introduction**

---

**Section 1.1 You are enrolled in CHRISTUS Health Plan Guardian (HMO), which is a Medicare HMO**

You are covered by Medicare, and you have chosen to get your Medicare health care through our plan, CHRISTUS Health Plan Guardian (HMO). We are required to cover all Part A and Part B services. However, cost sharing and provider access in this plan differ from Original Medicare.

CHRISTUS Health Plan Guardian (HMO) is a Medicare Advantage HMO Plan (HMO stands for Health Maintenance Organization) approved by Medicare and run by a private company. CHRISTUS Health Plan Guardian (HMO) does not include Part D prescription drug coverage.

**Coverage under this Plan qualifies as Qualifying Health Coverage (QHC)** and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at: [www.irs.gov/Affordable-Care-Act/Individuals-and-Families](http://www.irs.gov/Affordable-Care-Act/Individuals-and-Families) for more information.

**Section 1.2 What is the *Evidence of Coverage* document about?**

This *Evidence of Coverage* document tells you how to get your medical care. It explains your rights and responsibilities, what is covered, what you pay as a member of the plan, and how to file a complaint if you are not satisfied with a decision or treatment.

The word “coverage” and “covered services” refers to the medical care and services available to you as a member of CHRISTUS Health Plan Guardian (HMO).

It's important for you to learn what the plan's rules are and what services are available to you. We encourage you to set aside some time to look through this *Evidence of Coverage* document.

If you are confused or concerned or just have a question, please contact our plan's Member Services.

**Section 1.3 Legal information about the *Evidence of Coverage***

This *Evidence of Coverage* is part of our contract with you about how CHRISTUS Health Plan Guardian (HMO) covers your care. Other parts of this contract include your enrollment form and any notices you receive from us about changes to your coverage or conditions that affect your coverage. These notices are sometimes called “riders” or “amendments.”

The contract is in effect for months in which you are enrolled in CHRISTUS Health Plan Guardian (HMO) between January 1, 2023 and December 31, 2023.

**Chapter 1 Getting started as a member**

---

Each calendar year, Medicare allows us to make changes to the plans that we offer. This means we can change the costs and benefits of CHRISTUS Health Plan Guardian (HMO) after December 31, 2023. We can also choose to stop offering the plan, or to offer it in a different service area, after December 31, 2023.

Medicare (the Centers for Medicare & Medicaid Services) must approve CHRISTUS Health Plan Guardian (HMO) each year. You can continue each year to get Medicare coverage as a member of our plan as long as we choose to continue to offer the plan and Medicare renews its approval of the plan.

---

**SECTION 2 What makes you eligible to be a plan member?**

---

**Section 2.1 Your eligibility requirements**

*You are eligible for membership in our plan as long as:*

- You have both Medicare Part A and Medicare Part B
- -- and -- You live in our geographic service area (Section 2.3 below describes our service area) Incarcerated individuals are not considered living in the geographic service area even if they are physically located in it.
- -- and -- you are a United States citizen or are lawfully present in the United States

**Section 2.2 Here is the plan service area for CHRISTUS Health Plan Guardian (HMO)**

CHRISTUS Health Plan Guardian (HMO) is available only to individuals who live in our plan service area. To remain a member of our plan, you must continue to reside in the plan service area. The service area is described below.

Our service area includes these parts of counties in Texas: Bowie, Camp, Cass, Cherokee, Franklin, Gregg, Harrison, Henderson, Hopkins, Marion, Morris, Panola, Red River, Rusk, Smith, Titus, Upshur, Van Zandt, and Wood.

If you plan to move out of the service area, you cannot remain a member of this plan. Please contact Member Services to see if we have a plan in your new area. When you move, you will have a Special Enrollment Period that will allow you to switch to Original Medicare or enroll in a Medicare health or drug plan that is available in your new location.

It is also important that you call Social Security if you move or change your mailing address. You can find phone numbers and contact information for Social Security in Chapter 2, Section 5.

## **Section 2.3 U.S. Citizen or Lawful Presence**

A member of a Medicare health plan must be a U.S. citizen or lawfully present in the United States. Medicare (the Centers for Medicare & Medicaid Services) will notify CHRISTUS Health Plan Guardian (HMO) if you are not eligible to remain a member on this basis. CHRISTUS Health Plan Guardian (HMO) must disenroll you if you do not meet this requirement.

## **SECTION 3 Your plan membership card – Use it to get all covered care**

While you are a member of our plan, you must use your membership card whenever you get services covered by this plan. You should also show the provider your Medicaid card, if applicable. Here's a sample membership card to show you what yours will look like:

Do NOT use your red, white, and blue Medicare card for covered medical services while you are a member of this plan. If you use your Medicare card instead of your CHRISTUS Health Plan Guardian (HMO) membership card, you may have to pay the full cost of medical services yourself. Keep your Medicare card in a safe place. You may be asked to show it if you need hospital services, hospice services, or participate in Medicare approved clinical research studies also called clinical trials.

If your plan membership card is damaged, lost, or stolen, call Member Services right away and we will send you a new card.

## **SECTION 4 Your monthly costs for CHRISTUS Health Plan Guardian (HMO)**

Your costs may include the following:

- Plan Premium (Section 4.1)
- Monthly Medicare Part B Premium (Section 4.2)

**Chapter 1 Getting started as a member**

---

Medicare Part B premiums differ for people with different incomes. If you have questions about these premiums review your copy of *Medicare & You 2023* handbook, the section called “2023 Medicare Costs.” If you need a copy you can download it from the Medicare website ([www.medicare.gov](http://www.medicare.gov)). Or, you can order a printed copy by phone at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users call 1-877-486-2048.

<b>Section 4.1</b>	<b>Plan premium</b>
--------------------	---------------------

You do not pay a separate monthly plan premium for CHRISTUS Health Plan Guardian (HMO).

<b>Section 4.2</b>	<b>Monthly Medicare Part B Premium</b>
--------------------	--

**Many members are required to pay other Medicare premiums**

**You must continue paying your Medicare premiums to remain a member of the plan.** This includes your premium for Part B. It may also include a premium for Part A which affects members who aren’t eligible for premium free Part A.

As a member of CHRISTUS Health Plan Guardian (HMO), you will receive a \$60 Part B premium reduction. This means that while you are enrolled in CHRISTUS Health Plan Guardian (HMO), the Social Security Administration will decrease the amount they deduct from your Social Security check for your Medicare Part B premium. As a result, you will see an increase of \$60 in your Social Security check each month.

Many members are required to pay other Medicare premiums. As explained in Section 2 above, in order to be eligible for our plan, you must have both Medicare Part A and Medicare Part B. Some plan members (those who aren’t eligible for premium-free Part A) pay a premium for Medicare Part A. Most plan members pay a premium for Medicare Part B. **You must continue paying your Medicare premiums to remain a member of the plan.**

Your copy of the *Medicare & You 2023* handbook gives information about these premiums in the section called “2023 Medicare Costs.” This explains how the Medicare Part B premium differs for people with different incomes. Everyone with Medicare receives a copy of the *Medicare & You 2023* handbook each year in the fall. Those new to Medicare receive it within a month after first signing up. You can also download a copy of the *Medicare & You 2023* handbook from the Medicare website ([www.medicare.gov](http://www.medicare.gov)). Or, you can order a printed copy by phone at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users call 1-877-486-2048.

<b>Section 4.3</b>	<b>Can we change your monthly plan premium during the year?</b>
--------------------	---

**No.** We are not allowed to change the amount we charge for the plan’s monthly plan premium during the year. If the monthly plan premium changes for next year we will tell you in September and the change will take effect on January 1.

---

**SECTION 5      Keeping your plan membership record up to date**

---

Your membership record has information from your enrollment form, including your address and telephone number. It shows your specific plan coverage including your Primary Care Provider.

The doctors, hospitals, and other providers in the plan's network need to have correct information about you. **These network providers use your membership record to know what services are covered and the cost-sharing amounts for you.** Because of this, it is very important that you help us keep your information up to date.

**Let us know about these changes:**

- Changes to your name, your address, or your phone number
- Changes in any other health insurance coverage you have (such as from your employer, your spouse's employer, workers' compensation, or Medicaid)
- If you have any liability claims, such as claims from an automobile accident
- If you have been admitted to a nursing home
- If you receive care in an out-of-area or out-of-network hospital or emergency room
- If your designated responsible party (such as a caregiver) changes
- If you are participating in a clinical research study (**Note:** You are not required to tell your plan about the clinical research studies you intend to participate in but we encourage you to do so)

If any of this information changes, please let us know by calling Member Services.

It is also important to contact Social Security if you move or change your mailing address. You can find phone numbers and contact information for Social Security in Chapter 2, Section 5.

---

**SECTION 6      How other insurance works with our plan**

---

**Other insurance**

Medicare requires that we collect information from you about any other medical or drug insurance coverage that you have. That's because we must coordinate any other coverage you have with your benefits under our plan. This is called **Coordination of Benefits**.

Once each year, we will send you a letter that lists any other medical or drug insurance coverage that we know about. Please read over this information carefully. If it is correct, you don't need to do anything. If the information is incorrect, or if you have other coverage that is not listed, please call Member Services. You may need to give your plan member ID number to your other insurers (once you have confirmed their identity) so your bills are paid correctly and on time.

**Chapter 1 Getting started as a member**

---

When you have other insurance (like employer group health coverage), there are rules set by Medicare that decide whether our plan or your other insurance pays first. The insurance that pays first is called the “primary payer” and pays up to the limits of its coverage. The one that pays second, called the “secondary payer,” only pays if there are costs left uncovered by the primary coverage. The secondary payer may not pay all of the uncovered costs. If you have other insurance, tell your doctor, hospital, and pharmacy.

These rules apply for employer or union group health plan coverage:

- If you have retiree coverage, Medicare pays first.
- If your group health plan coverage is based on your or a family member’s current employment, who pays first depends on your age, the number of people employed by your employer, and whether you have Medicare based on age, disability, or End-Stage Renal Disease (ESRD):
  - If you’re under 65 and disabled and you or your family member are still working, your group health plan pays first if the employer has 100 or more employees or at least one employer in a multiple employer plan that has more than 100 employees.
  - If you’re over 65 and you or your spouse are still working, your group health plan pays first if the employer has 20 or more employees or at least one employer in a multiple employer plan that has more than 20 employees.
- If you have Medicare because of ESRD, your group health plan will pay first for the first 30 months after you become eligible for Medicare.

These types of coverage usually pay first for services related to each type:

- No-fault insurance (including automobile insurance)
- Liability (including automobile insurance)
- Black lung benefits
- Workers’ compensation

Medicaid and TRICARE never pay first for Medicare-covered services. They only pay after Medicare, employer group health plans, and/or Medigap have paid.

## **How to contact us when you are asking for a coverage decision or appeal about your medical care**

A “coverage decision” is a decision we make about your benefits and coverage or about the amount we will pay for your medical services. # CHAPTER 3:

*Using the plan  
for your medical services*

---

## **SECTION 1      Things to know about getting your medical care as a member of our plan**

---

This chapter explains what you need to know about using the plan to get your medical care covered. It gives definitions of terms and explains the rules you will need to follow to get the medical treatments, services, equipment, prescription drugs, and other medical care that are covered by the plan.

For the details on what medical care is covered by our plan and how much you pay when you get this care, use the benefits chart in the next chapter, Chapter 4 (*Medical Benefits Chart, what is covered and what you pay*).

<b>Section 1.1      What are “network providers” and “covered services”?</b>
--

- **“Providers”** are doctors and other health care professionals licensed by the state to provide medical services and care. The term “providers” also includes hospitals and other health care facilities.
- **“Network providers”** are the doctors and other health care professionals, medical groups, hospitals, and other health care facilities that have an agreement with us to accept our payment and your cost-sharing amount as payment in full. We have arranged for these providers to deliver covered services to members in our plan. The providers in our network bill us directly for care they give you. When you see a network provider, you pay only your share of the cost for their services.
- **“Covered services”** include all the medical care, health care services, supplies, and equipment that are covered by our plan. Your covered services for medical care are listed in the benefits chart in Chapter 4.

<b>Section 1.2      Basic rules for getting your medical care covered by the plan</b>
---

As a Medicare health plan, CHRISTUS Health Plan Guardian (HMO) must cover all services covered by Original Medicare and must follow Original Medicare's coverage rules.

CHRISTUS Health Plan Guardian (HMO) will generally cover your medical care as long as:

- **The care you receive is included in the plan's Medical Benefits Chart** (this chart is in Chapter 4 of this document).
- **The care you receive is considered medically necessary.** “Medically necessary” means that the services, supplies, equipment, or drugs are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.
- **You have a network primary care provider (a PCP) who is providing and overseeing your care.** As a member of our plan, you must choose a network PCP (for more information about this, see Section 2.1 in this chapter).
  - In most situations, our plan must give you approval in advance before you can use other providers in the plan's network, such as specialists, hospitals, skilled nursing

**Chapter 3 Using the plan's coverage for your medical services**

facilities, or home health care agencies. This is called giving you a “referral.” For more information about this, see Section 2.3 of this chapter.

- Referrals from your PCP are not required for emergency care or urgently needed services. There are also some other kinds of care you can get without having approval in advance from your PCP (for more information about this, see Section 2.2 of this chapter).
- **You must receive your care from a network provider** (for more information about this, see Section 2 in this chapter). In most cases, care you receive from an out-of-network provider (a provider who is not part of our plan's network) will not be covered. This means that you will have to pay the provider in full for the services furnished. *Here are three exceptions:*
  - The plan covers emergency or urgently needed services that you get from an out-of-network provider. For more information about this, and to see what emergency or urgently needed services means, see Section 3 in this chapter.
  - If you need medical care that Medicare requires our plan to cover but there are no specialists in our network that provide this care, you can get this care from an out-of-network provider at the same cost sharing you normally pay in-network. Authorization by CHRISTUS Health Plan Guardian (HMO) is required prior to seeking care. In this situation, you will pay the same as you would pay if you got the care from a network provider. For information about getting approval to see an out-of-network doctor, see Section 2.4 in this chapter.
  - The plan covers kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside the plan's service area or when your provider for this service is temporarily unavailable or inaccessible. The cost sharing you pay the plan for dialysis can never exceed the cost sharing in Original Medicare. If you are outside the plan's service area and obtain the dialysis from a provider that is outside the plan's network, your cost sharing cannot exceed the cost sharing you pay in-network. However, if your usual in-network provider for dialysis is temporarily unavailable and you choose to obtain services inside the service area from a provider outside the plan's network the cost sharing for the dialysis may be higher.

---

**SECTION 2      Use providers in the plan's network to get your medical care**

---

<b>Section 2.1</b>	<b>You must choose a Primary Care Provider (PCP) to provide and oversee your medical care</b>
--------------------	---

**What is a “PCP” and what does the PCP do for you?**

Choosing a Primary Care Provider (PCP) is the first and most important decision you must make when you join CHRISTUS Health Plan Guardian (HMO). A PCP is a physician, nurse practitioner, or other health professional who meets state requirements and is trained to give you basic medical care. You will get your routine or basic care from your PCP.

If you choose a PCP that you have not seen before, we suggest you:

- Call your PCP's office as soon as possible and tell the staff you are a new CHRISTUS Health Plan Guardian (HMO)member.
- Make an appointment to see your PCP so he or she can get to know you and begin taking care of your medical needs. You do not have to wait until you are sick to make this appointment. You should get to know your doctor as soon as possible.
- Ask your previous doctor to send your medical records to your new PCP. It is your PCP's responsibility to provide most of your care and will help coordinate the rest of the covered services you get as a member of our plan.

Coordinating your services includes checking or consulting with other plan practitioners and providers about your care and how it is going. If there is a particular network hospital that you want to use, check first to be sure that your PCP uses that hospital.

Some services you receive may require that your PCP obtain prior authorization from the plan. Please see the Benefit Charts for information about what services require prior authorization or contact Member Services at 1-844-282-3026.

### **How do you choose your PCP?**

As a member of CHRISTUS Health Plan Guardian (HMO), you select your Primary Care Provider (PCP) at the time of enrolling in our plan. The PCP you select will be your personal physician, who will get to know you and take care of all your medical needs. Your PCP will be responsible for coordinating all of your care, except in an emergency or urgent care situation.

We recommend you choose a PCP close to your home. Having your PCP nearby makes receiving medical care and developing a trusting and open relationship with your PCP that much easier. The CHRISTUS Health Plan Guardian (HMO) *Provider Directory* provides a complete list of network practitioners and providers.

If you cannot find your current doctor in this directory, and would like to confirm that your doctor is in our plan, or you are selecting a new PCP and would like to know if the PCP is accepting new patients, please contact Member Services at 1-844-282-3026.

If you choose a PCP that you have not seen before, we suggest you:

- Call your PCP's office as soon as possible and tell the staff you are a new CHRISTUS Health Plan Guardian (HMO)member.
- Make an appointment to see your PCP so he or she can get to know you and begin taking care of your medical needs. You do not have to wait until you are sick to make this appointment. You should get to know your doctor as soon as possible.
- Ask your previous doctor to send your medical records to your new PCP. It is your PCP's responsibility to provide most of your care and will help coordinate the rest of the covered services you get as a member of our plan.

You may also visit our website at [www.christushealthplan.org](http://www.christushealthplan.org).

## **Changing your PCP**

You may change your PCP for any reason, at any time. Also, it's possible that your PCP might leave our plan's network of providers and you would have to find a new PCP.

If you want to change your PCP, please contact Member Services at 1-844-282-3026. Your request may be in writing, writing or by telephone. Member Services will check to make sure the network PCP you selected is accepting new patients. Member Services will then change your member record to show the name of your new network. PCP changes take effect on the next business day after your request. You will receive a new membership ID card that shows the name and phone number of your new PCP.

When you call, be sure to tell Member Services if you are seeing specialists or getting other covered services that needed your PCP's approval (such as home health services and durable medical equipment). Member Services will make sure that you can continue with the specialty care and other services you have been getting when you change your PCP.

Our goal is to make your transition to a new PCP as seamless as possible with no interruption to your care. As always, if you have an urgent or emergent medical need, we encourage you to seek care at an appropriate urgent care or emergency facility.

<b>Section 2.2</b>	<b>What kinds of medical care can you get without a referral from your PCP?</b>
--------------------	---

You can get the services listed below without getting approval in advance from your PCP.

- Routine women's health care, which includes breast exams, screening mammograms (x-rays of the breast), Pap tests, and pelvic as long as you get them from a network provider.
- Flu shots, COVID-19 vaccinations, Hepatitis B vaccinations, and pneumonia vaccinations as long as you get them from a network provider.
- Emergency services from network providers or from out-of-network providers.
- Urgently needed services are covered services that are not emergency services, provided when the network providers are temporarily unavailable or inaccessible or when the enrollee is out of the service area. For example, you need immediate care during the weekend. Services must be immediately needed and medically necessary.
- Kidney dialysis services that you get at a Medicare-certified dialysis facility when you are temporarily outside the plan's service area. (If possible, please call Member Services before you leave the service area so we can help arrange for you to have maintenance dialysis while you are away.

<b>Section 2.3</b>	<b>How to get care from specialists and other network providers</b>
--------------------	---

A specialist is a doctor who provides health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:

- Oncologists care for patients with cancer.
- Cardiologists care for patients with heart conditions.
- Orthopedists care for patients with certain bone, joint, or muscle conditions.

Your PCP will direct and coordinate any care you may require, and will assist you in obtaining a specialist when needed. Some services may require a prior authorization. Your PCP will need to get prior authorization for the following services:

- Durable medical equipment and related supplies
- Inpatient care
- Outpatient surgery, including services provided at hospital outpatient facilities and ambulatory surgical centers
- Prosthetic devices and related supplies
- Skilled nursing facility (SNF) care
- Some outpatient diagnostic tests

Network providers are required to assist CHRISTUS Health Plan Guardian (HMO) members in obtaining prior authorization. See Chapter 4, Section 2.1 for information about which services require prior authorization.

### **What if a specialist or another network provider leaves our plan?**

It is important that you know that we may make changes to the hospitals, doctors and specialists (providers) that are part of your plan during the year. If your doctor or specialist leaves your plan you have certain rights and protections summarized below:

- Even though our network of providers may change during the year, Medicare requires that we furnish you with uninterrupted access to qualified doctors and specialists.
- We will make a good faith effort to provide you with at least 30 days' notice that your provider is leaving our plan so that you have time to select a new provider.
- We will assist you in selecting a new qualified provider to continue managing your health care needs.
- If you are undergoing medical treatment you have the right to request, and we will work with you to ensure, that the medically necessary treatment you are receiving is not interrupted.
- If our network does not have a qualified specialist for a plan-covered service, we must cover that service at in-network cost sharing. Prior authorization is required for out-of-network services, except in the case of emergency or urgent needed care.
- If you find out your doctor or specialist is leaving your plan please contact us so we can assist you in finding a new provider to manage your care.
- If you believe we have not furnished you with a qualified provider to replace your previous provider or that your care is not being appropriately managed, you have the

right to file a quality of care complaint to the QIO, a quality of care grievance to the plan, or both. Please see Chapter 7.

## **Section 2.4      How to get care from out-of-network providers**

While you are a member of our plan you must use network providers to get your medical care and services. The only exceptions are emergencies and urgently needed care when the network is not available (generally, when you are out of the area), out-of-area dialysis services, and cases in which CHRISTUS Health Plan Guardian (HMO) authorizes use of out-of-network providers.

See Chapter 3, Section 3 (*How to get covered services when you have an emergency or urgent need for care or during a disaster*) for more specific information about emergency, out-of-network, and out-of-area coverage.

---

## **SECTION 3      How to get services when you have an emergency or urgent need for care or during a disaster**

---

### **Section 3.1      Getting care if you have a medical emergency**

#### **What is a “medical emergency” and what should you do if you have one?**

A “**medical emergency**” is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent your loss of life (and, if you are a pregnant woman, loss of an unborn child), loss of a limb or function of a limb, or loss of or serious impairment to a bodily function. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

If you have a medical emergency:

- **Get help as quickly as possible.** Call 911 for help or go to the nearest emergency room or hospital. Call for an ambulance if you need it. You do *not* need to get approval or a referral first from your PCP. You do not need to use a network doctor. You may get covered emergency medical care whenever you need it, anywhere in the United States or its territories, and from any provider with an appropriate state license even if they are not part of our network. CHRISTUS Health Plan Guardian (HMO) covers emergency and urgently needed care worldwide.
- **As soon as possible, make sure that our plan has been told about your emergency.** We need to follow up on your emergency care. You or someone else should call to tell us about your emergency care, usually within 48 hours. Please contact the CHRISTUS Health Plan Member Services at 1-844-282-3026. TTY users should call 711. Member Services also has free language interpreter services available for non-English speakers.

#### **What is covered if you have a medical emergency?**

Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. We also cover medical services during the emergency.

The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over.

After the emergency is over you are entitled to follow-up care to be sure your condition continues to be stable. Your doctors will continue to treat you until your doctors contact us and make plans for additional care. Your follow-up care will be covered by our plan.

### **What if it wasn't a medical emergency?**

Sometimes it can be hard to know if you have a medical emergency. For example, you might go in for emergency care – thinking that your health is in serious danger – and the doctor may say that it wasn't a medical emergency after all. If it turns out that it was not an emergency, as long as you reasonably thought your health was in serious danger, we will cover your care.

However, after the doctor has said that it was *not* an emergency, we will cover additional care *only* if you get the additional care in one of these two ways:

- You go to a network provider to get the additional care.
- – *or* – The additional care you get is considered “urgently needed services” and you follow the rules for getting this urgent care (for more information about this, see Section 3.2 below).

<b>Section 3.2</b>	<b>Getting care when you have an urgent need for services</b>
--------------------	---

### **What are “urgently needed services”?**

An “urgently needed service” is a non-emergency, unforeseen medical illness, injury, or condition that requires immediate medical care. For example, an unforeseen flare-up of a known condition that you have or a severe sore throat that occurs over the weekend. Urgently needed services may be furnished by out of-network providers when it is unreasonable, given your circumstances, to obtain immediate care from network providers.

- **Go to the nearest urgent care provider.** You do not need to get approval or a referral first from your PCP, but you may wish to contact your PCP to help coordinate your care with an urgent care provider.
- **As soon as possible, make sure that our plan has been told about your urgent care visit.** We need to follow up on your urgent care. You or someone else should call to tell us about your urgent care, usually within 48 hours. Please call the CHRISTUS Health Plan Member Services number at 1-844-282-3026. For people who are deaf, hard of hearing or speech impaired, please call TTY at 711, Monday through Friday, from 8:00 a.m. to 8:00 p.m., local time. Interpreter services are provided free of charge to you. You can also visit our website at [www.christushealthplan.org](http://www.christushealthplan.org).
- To locate a network urgent care center, look in your *Provider Directory* or visit our website at [www.christushealthplan.org](http://www.christushealthplan.org). You may also call CHRISTUS Health Plan Member Services at 1-844-282-3026.

Our plan covers worldwide emergency and urgent care services outside the United States.

### **Section 3.3      Getting care during a disaster**

If the Governor of your state, the U.S. Secretary of Health and Human Services, or the President of the United States declares a state of disaster or emergency in your geographic area, you are still entitled to care from your plan.

Please visit the following website: [www.christushealthplan.org](http://www.christushealthplan.org) for information on how to obtain needed care during a disaster.

If you cannot use a network provider during a disaster, your plan will allow you to obtain care from out-of-network providers at in-network cost sharing.

## **SECTION 4      What if you are billed directly for the full cost of your services?**

### **Section 4.1      You can ask us to pay our share of the cost of covered services**

If you have paid more than your plan cost-sharing for covered services, or if you have received a bill for the full cost of covered medical services, go to Chapter 5 (*Asking us to pay our share of a bill you have received for covered medical services*) for information about what to do.

### **Section 4.2      If services are not covered by our plan, you must pay the full cost**

CHRISTUS Health Plan Guardian (HMO) covers all medically necessary services as listed in the Medical Benefits Chart in Chapter 4 of this document. If you receive services not covered by our plan or services obtained out-of-network and were not authorized, you are responsible for paying the full cost of services.

For covered services that have a benefit limitation, you also pay the full cost of any services you get after you have used up your benefit for that type of covered service. The costs you pay after you have reached the benefit limitation will not count toward your out-of-pocket maximum.

## **SECTION 5      How are your medical services covered when you are in a “clinical research study”?**

### **Section 5.1      What is a “clinical research study”?**

A clinical research study (also called a “clinical trial”) is a way that doctors and scientists test new types of medical care, like how well a new cancer drug works. Certain clinical research

**Chapter 3 Using the plan's coverage for your medical services**

studies are approved by Medicare. Clinical research studies approved by Medicare typically request volunteers to participate in the study.

Once Medicare approves the study, and you express interest, someone who works on the study will contact you to explain more about the study and see if you meet the requirements set by the scientists who are running the study. You can participate in the study as long as you meet the requirements for the study *and* you have a full understanding and acceptance of what is involved if you participate in the study.

If you participate in a Medicare-approved study, Original Medicare pays most of the costs for the covered services you receive as part of the study. If you tell us that you are in a qualified clinical trial, then you are only responsible for the in-network cost sharing for the services in that trial. If you paid more, for example, if you already paid the Original Medicare cost-sharing amount, we will reimburse the difference between what you paid and the in-network cost sharing. However, you will need to provide documentation to show us how much you paid. When you are in a clinical research study, you may stay enrolled in our plan and continue to get the rest of your care (the care that is not related to the study) through our plan.

If you want to participate in any Medicare-approved clinical research study, you do *not* need to tell us or to get approval from us or your PCP. The providers that deliver your care as part of the clinical research study do *not* need to be part of our plan's network of providers.

Although you do not need to get our plan's permission to be in a clinical research study, we encourage you to notify us in advance when you choose to participate in Medicare-qualified clinical trials.

If you participate in a study that Medicare has *not* approved, *you will be responsible for paying all costs for your participation in the study.*

<b>Section 5.2</b>	<b>When you participate in a clinical research study, who pays for what?</b>
--------------------	--

Once you join a Medicare-approved clinical research study, Original Medicare covers the routine items and services you receive as part of the study, including:

- Room and board for a hospital stay that Medicare would pay for even if you weren't in a study.
- An operation or other medical procedure if it is part of the research study.
- Treatment of side effects and complications of the new care.

After Medicare has paid its share of the cost for these services, our plan will pay the difference between the cost sharing in Original Medicare and your in-network cost sharing as a member of our plan. This means you will pay the same amount for the services you receive as part of the study as you would if you received these services from our plan. However, you are required to submit documentation showing how much cost sharing you paid. Please see Chapter 7 for more information for submitting requests for payments.

**Chapter 3 Using the plan's coverage for your medical services**

*Here's an example of how the cost sharing works:* Let's say that you have a lab test that costs \$100 as part of the research study. Let's also say that your share of the costs for this test is \$20 under Original Medicare, but the test would be \$10 under our plan's benefits. In this case, Original Medicare would pay \$80 for the test and you would pay the \$20 copay required under Original Medicare. You would then notify your plan that you received a qualified clinical trial service and submit documentation such as a provider bill to the plan. The plan would then directly pay you \$10. Therefore, your net payment is \$10, the same amount you would pay under our plan's benefits. Please note that in order to receive payment from your plan, you must submit documentation to your plan such as a provider bill.

When you are part of a clinical research study, **neither Medicare nor our plan will pay for any of the following:**

- Generally, Medicare will *not* pay for the new item or service that the study is testing unless Medicare would cover the item or service even if you were *not* in a study.
- Items or services provided only to collect data, and not used in your direct health care. For example, Medicare would not pay for monthly CT scans done as part of the study if your medical condition would normally require only one CT scan.

**Do you want to know more?**

You can get more information about joining a clinical research study by visiting the Medicare website to read or download the publication "Medicare and Clinical Research Studies." ## **SECTION 6      Rules for getting care in a "religious non-medical health care institution"**

---

<b>Section 6.1</b>	<b>What is a religious non-medical health care institution?</b>
--------------------	---

A religious non-medical health care institution is a facility that provides care for a condition that would ordinarily be treated in a hospital or skilled nursing facility. If getting care in a hospital or a skilled nursing facility is against a member's religious beliefs, we will instead provide coverage for care in a religious non-medical health care institution. This benefit is provided only for Part A inpatient services (non-medical health care services).

<b>Section 6.2</b>	<b>Receiving Care from a Religious Non-Medical Health Care Institution</b>
--------------------	--

To get care from a religious non-medical health care institution, you must sign a legal document that says you are conscientiously opposed to getting medical treatment that is "non-excepted."

**Chapter 3 Using the plan's coverage for your medical services**

- “Non-excepted” medical care or treatment is any medical care or treatment that is *voluntary* and *not required* by any federal, state, or local law.
- “Excepted” medical treatment is medical care or treatment that you get that is *not* voluntary or *is required* under federal, state, or local law.

To be covered by our plan, the care you get from a religious non-medical health care institution must meet the following conditions:

- The facility providing the care must be certified by Medicare.
- Our plan's coverage of services you receive is limited to *non-religious* aspects of care.
- If you get services from this institution that are provided to you in a facility, the following conditions apply:
  - You must have a medical condition that would allow you to receive covered services for inpatient hospital care or skilled nursing facility care;
  - – *and* – You must get approval in advance from our plan before you are admitted to the facility or your stay will not be covered.

If you meet the conditions as described above and qualify for care, you must follow the coverage rules for Inpatient Hospital and Skilled Nursing Facility care. The cost sharing and benefits are described in Chapter 4 of this booklet in the Medical Benefits Chart.

## **SECTION 7      Rules for ownership of durable medical equipment**

---

<b>Section 7.1</b>	<b>Will you own the durable medical equipment after making a certain number of payments under our plan?</b>
--------------------	---

Durable medical equipment (DME) includes items such as oxygen equipment and supplies, wheelchairs, walkers, powered mattress systems, crutches, diabetic supplies, speech generating devices, IV infusion pumps, nebulizers, and hospital beds ordered by a provider for use in the home. The member always owns certain items, such as prosthetics. In this section, we discuss other types of DME that you must rent.

In Original Medicare, people who rent certain types of DME own the equipment after paying copayments for the item for 13 months. As a member of CHRISTUS Health Plan Guardian (HMO), however, you usually will not acquire ownership of rented DME items no matter how many copayments you make for the item while a member of our plan, even if you made up to 12 consecutive payments for the DME item under Original Medicare before you joined our plan. Under certain limited circumstances we will transfer ownership of the DME item to you. Call member services for more information.

### **What happens to payments you made for durable medical equipment if you switch to Original Medicare?**

If you did not acquire ownership of the DME item while in our plan, you will have to make 13 new consecutive payments after you switch to Original Medicare in order to own the item. The payments made while enrolled in your plan do not count.

Example 1: You made 12 or fewer consecutive payments for the item in Original Medicare and then joined our plan. The payments you made in Original Medicare do not count.

Example 2: You made 12 or fewer consecutive payments for the item in Original Medicare and then joined our plan. You were in our plan but did not obtain ownership while in our plan. You then go back to Original Medicare. You will have to make 13 consecutive new payments to own the item once you join Original Medicare again. All previous payments (whether to our plan or to Original Medicare) do not count.

<b>Section 7.2</b>	<b>Rules for oxygen equipment, supplies, and maintenance</b>
--------------------	--

### **What oxygen benefits are you entitled to?**

If you qualify for Medicare oxygen equipment coverage, CHRISTUS Health Plan Guardian (HMO) will cover:

- Rental of oxygen equipment
- Delivery of oxygen and oxygen contents
- Tubing and related oxygen accessories for the delivery of oxygen and oxygen contents
- Maintenance and repairs of oxygen equipment

If you leave CHRISTUS Health Plan Guardian (HMO) or no longer medically require oxygen equipment, then the oxygen equipment must be returned.

### **What happens if you leave your plan and return to Original Medicare?**

Original Medicare requires an oxygen supplier to provide you services for five years. During the first 36 months you rent the equipment. The remaining 24 months the supplier provides the equipment and maintenance (you are still responsible for the copayment for oxygen). After five years you may choose to stay with the same company or go to another company. At this point, the five-year cycle begins again, even if you remain with the same company, requiring you to pay copayments for the first 36 months. If you join or leave our plan, the five year cycle starts over.

# CHAPTER 4:

## *Medical Benefits Chart*

*(what is covered and  
what you pay)*

---

## **SECTION 1      Understanding your out-of-pocket costs for covered services**

---

This chapter provides a Medical Benefits Chart that lists your covered services and shows how much you will pay for each covered service as a member of CHRISTUS Health Plan Guardian (HMO). Later in this chapter, you can find information about medical services that are not covered. It also explains limits on certain services.

<b>Section 1.1      Types of out-of-pocket costs you may pay for your covered services</b>
--

To understand the payment information we give you in this chapter, you need to know about the types of out-of-pocket costs you may pay for your covered services.

- A **“copayment”** is the fixed amount you pay each time you receive certain medical services. You pay a copayment at the time you get the medical service. (The Medical Benefits Chart in Section 2 tells you more about your copayments.)
- **“Coinsurance”** is the percentage you pay of the total cost of certain medical services. You pay a coinsurance at the time you get the medical service. (The Medical Benefits Chart in Section 2 tells you more about your coinsurance.)

Most people who qualify for Medicaid or for the Qualified Medicare Beneficiary (QMB) program should never pay deductibles, copayments or coinsurance. Be sure to show your proof of Medicaid or QMB eligibility to your provider, if applicable.

<b>Section 1.2      What is the most you will pay for covered medical services?</b>
---

Because you are enrolled in a Medicare Advantage Plan, there is a limit on the amount you have to pay out-of-pocket each year for in-network medical services that are covered by our plan. This limit is called the maximum out-of-pocket (MOOP) amount for medical services. For calendar year 2023 this amount is \$4,400.

The amounts you pay for copayments and coinsurance for in-network covered services count toward this maximum out-of-pocket amount. In addition, amounts you pay for some services do not count toward your maximum out-of-pocket amount. These services are marked with an asterisk in the Medical Benefits Chart. If you reach the maximum out-of-pocket amount of \$4,400, you will not have to pay any out-of-pocket costs for the rest of the year for in-network covered services. However, you must continue to pay the Medicare Part B premium (unless your Part B premium is paid for you by Medicaid or another third party).

<b>Section 1.3</b>	<b>Our plan does not allow providers to “balance bill” you</b>
--------------------	--

As a member of CHRISTUS Health Plan Guardian (HMO), an important protection for you is that you only have to pay your cost-sharing amount when you get services covered by our plan. Providers may not add additional separate charges, called “balance billing.” This protection applies even if we pay the provider less than the provider charges for a service and even if there is a dispute and we don’t pay certain provider charges.

Here is how this protection works.

- If your cost sharing is a copayment (a set amount of dollars, for example, \$15.00), then you pay only that amount for any covered services from a network provider.
- If your cost sharing is a coinsurance (a percentage of the total charges), then you never pay more than that percentage. However, your cost depends on which type of provider you see:
  - If you receive the covered services from a network provider, you pay the coinsurance percentage multiplied by the plan’s reimbursement rate (as determined in the contract between the provider and the plan).
  - If you receive the covered services from an out-of-network provider who participates with Medicare, you pay the coinsurance percentage multiplied by the Medicare payment rate for participating providers. (Remember, the plan covers services from out-of-network providers only in certain situations, such as when you get a referral or for emergencies or urgently needed services.)
  - If you receive the covered services from an out-of-network provider who does not participate with Medicare, you pay the coinsurance percentage multiplied by the Medicare payment rate for non-participating providers. (Remember, the plan covers services from out-of-network providers only in certain situations, such as when you get a referral, or for emergencies or urgently needed services.)
- If you believe a provider has “balance billed” you, call Member Services.

---

<b>SECTION 2</b>	<b>Use the <i>Medical Benefits Chart</i> to find out what is covered and how much you will pay</b>
------------------	--

---

<b>Section 2.1</b>	<b>Your medical benefits and costs as a member of the plan</b>
--------------------	--

The Medical Benefits Chart on the following pages lists the services CHRISTUS Health Plan Guardian (HMO) covers and what you pay out-of-pocket for each service. The services listed in the Medical Benefits Chart are covered only when the following coverage requirements are met:

- Your Medicare covered services must be provided according to the coverage guidelines established by Medicare.

**Chapter 4 Medical Benefits Chart (what is covered and what you pay)**

- Your services (including medical care, services, supplies, equipment, and Part B prescription drugs) *must* be medically necessary. “Medically necessary” means that the services, supplies, or drugs are needed for the prevention, diagnosis, or treatment of your medical condition and meet accepted standards of medical practice.
- You receive your care from a network provider. In most cases, care you receive from an out-of-network provider will not be covered, unless it is emergent or urgent care or unless your plan or a network provider has given you a referral. This means that you will have to pay the provider in full for the services furnished.
- You have a primary care provider (PCP) who is providing and overseeing your care.
- Some of the services listed in the Medical Benefits Chart are covered *only* if your doctor or other network provider gets approval in advance (sometimes called “prior authorization”) from us. Covered services that need approval in advance are marked in the Medical Benefits in bold.

Other important things to know about our coverage:

- Like all Medicare health plans, we cover everything that Original Medicare covers. For some of these benefits, you pay *more* in our plan than you would in Original Medicare. For others, you pay *less*. (If you want to know more about the coverage and costs of Original Medicare, look in your *Medicare & You 2023* handbook. View it online at [www.medicare.gov](http://www.medicare.gov) or ask for a copy by calling 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048.)
- For all preventive services that are covered at no cost under Original Medicare, we also cover the service at no cost to you. However, if you also are treated or monitored for an existing medical condition during the visit when you receive the preventive service, a copayment will apply for the care received for the existing medical condition.
- If Medicare adds coverage for any new services during 2023, either Medicare or our plan will cover those services.

You will see this apple next to the preventive services in the benefits chart.

Participating Provider. The Plan does not pay Benefits for dental care that are not covered services and to be entitled to Benefits for covered services they must be provided by a Participating Provider, unless the services are provided in an emergency. We highly recommend you verify that the dentist is a Participating Provider in this dental Plan before each appointment. Review the section titled “How Claims Are Paid” for an explanation of payment procedures to understand the method of payments applicable to your Participating Provider selection.

**Locating a Delta Dental Medicare Advantage Participating Provider**

There are two ways in which you can locate a Medicare Advantage Participating Provider near you:

- You may access information through our website at [deltadentalins.com/CHPMedicareAdvantage](https://deltadentalins.com/CHPMedicareAdvantage). This website includes a Provider search function allowing you to locate Participating Providers by location and specialty; or
- You may also call Delta Dental’s Customer Service Center toll-free at (888) 818-7929 and a representative will assist you. Delta Dental can provide you with information regarding a Delta Dental Participating Provider’s specialty and office location.

**HOW CLAIMS ARE PAID****Payment for Services — Participating Provider**

Selecting a Participating Provider allows the Member to obtain Benefits for covered services performed for you. Payment to a Participating Provider is calculated based on the Maximum Plan Allowance. Participating Providers agree to accept Delta Dental’s Maximum Plan Allowance as payment in full for covered services which means you will only be responsible for any applicable Cost Sharing for the covered service.

The portion of the Maximum Plan Allowance payable by the Plan is limited to the applicable Plan Benefit Level shown in the Routine Dental Benefits Procedure Chart. The Plan’s payment is sent directly to the Participating Provider who submitted the claim. Delta Dental will advise you of any charges not payable by the Plan for which you are responsible. These Cost Sharing charges are generally your share of the Maximum Plan Allowance (Coinsurance), as well as any Deductibles, charges where the Maximum Amount has been exceeded, and/or charges for non-covered services.

**LIMITATIONS**

- (1) Services that are more expensive than the form of treatment customarily provided under accepted dental practice standards are called “Optional Services”. Optional Services also include the use of specialized techniques instead of standard procedures. Examples of Optional Services:

If an enrollee receives Optional Services, an alternate benefit will be allowed, which means Delta Dental will base benefits on the lower cost of the customary service or standard practice instead of on the higher cost of the Optional Service. The enrollee will be responsible for the difference between the higher cost of the Optional Service and the lower cost of the customary service or standard procedure.

**Chapter 4 Medical Benefits Chart (what is covered and what you pay)**

---

- (2) Delta Dental will pay for oral examinations (except after-hour exams and exams for observation) and cleanings no more than twice in a Calendar Year.
- (3) X-ray limitations:
- Delta Dental will limit the total reimbursable amount to the provider's Accepted Fee for a complete intraoral series when the fees for any combination of intraoral x-rays in a single treatment series meet or exceed the Accepted Fee for a complete intraoral series.
  - When a panoramic film is submitted with supplemental film(s), Delta Dental will limit the total reimbursable amount to the provider's Accepted Fee for a complete intraoral series.
  - If a panoramic film is taken in conjunction with an intraoral complete series, Delta Dental considers the panoramic film to be included in the complete series.
  - A complete intraoral series and panoramic film are each limited to once every 60 months.
  - Bitewing x-rays are limited to two times in a Calendar Year when provided to enrollees under age 18 and one time each Calendar Year for enrollees age 18 and over. Bitewings of any type are disallowed within 12 months of a full mouth series unless warranted by special circumstances.
- (4) Topical application of fluoride solutions is limited to enrollees to age 19 and no more than twice in a Calendar Year.
- (5) Space maintainer limitations:
- Space maintainers are limited to the initial appliance and are a benefit for an enrollee to age 14.
  - Recementation of space maintainer is limited to once per lifetime.
  - The removal of a fixed space maintainer is considered to be included in the fee for the space maintainer; however, an exception is made if the removal is performed by a different provider/provider's office.
- (6) Pulp vitality tests are allowed once per day when definitive treatment is not performed.
- (7) Sealants are limited as follows:
- To permanent first molars through age eight and to permanent second molars through age 15 if they are without caries (decay) or restorations on the occlusal surface.
  - Do not include repair or replacement of a sealant on any tooth within 24 months of its application.
- (8) Screenings of patients and assessments of patients are limited to once per lifetime per provider and count toward the oral exam frequency.
- (9) Palliative treatment is covered per visit, not per tooth, and the fee includes all treatment provided other than required x-rays or select Diagnostic procedures.

## SECTION 3 What services are not covered by the plan?

### Section 3.1 Services we do *not* cover (exclusions)

This section tells you what services are “excluded” from Medicare coverage and therefore, are not covered by this plan.

The chart below lists services and items that either are not covered under any condition or are covered only under specific conditions.

If you get services that are excluded (not covered), you must pay for them yourself except under the specific conditions listed below. Even if you receive the excluded services at an emergency facility, the excluded services are still not covered and our plan will not pay for them. The only exception is if the service is appealed and decided upon appeal to be a medical service that we should have paid for or covered because of your specific situation. (For information about appealing a decision we have made to not cover a medical service, go to Chapter 7, Section 5.3 in this document.)

## CHAPTER 5:

*Asking us to pay our share of a bill  
you have received for covered  
medical services*

**Chapter 5 Asking us to pay our share of a bill you have received for covered medical services**

---

---

**SECTION 1 Situations in which you should ask us to pay our share of the cost of your covered services**

---

Sometimes when you get medical care, you may need to pay the full cost. Other times, you may find that you have paid more than you expected under the coverage rules of the plan or you may receive a bill from a provider. In these cases, you can ask our plan to pay you back (paying you back is often called “reimbursing” you). It is your right to be paid back by our plan whenever you’ve paid more than your share of the cost for medical services that are covered by our plan. There may be deadlines that you must meet to get paid back. Please see Section 2 of this chapter.

There may also be times when you get a bill from a provider for the full cost of medical care you have received or possibly for more than your share of cost sharing as discussed in the document. First try to resolve the bill with the provider. If that does not work, send the bill to use instead of paying it. We will look at the bill and decide whether the services should be covered. If we decide they should be covered, we will pay the provider directly. If we decide not to pay it, we will notify the provider. You should never pay more than plan-allowed cost-sharing. If this provider is contracted you still have the right to treatment.

Here are examples of situations in which you may need to ask our plan to pay you back or to pay a bill you have received:

**1. When you’ve received emergency or urgently needed medical care from a provider who is not in our plan’s network**

You can receive emergency or urgently needed services from any provider, whether or not the provider is a part of our network. In these cases, you are only responsible for paying your share of the cost. Ask the provider to bill the plan for our share of the cost.

- If you pay the entire amount yourself at the time you receive the care, ask us to pay you back for our share of the cost. Send us the bill, along with documentation of any payments you have made.
- You may get a bill from the provider asking for payment that you think you do not owe. Send us this bill, along with documentation of any payments you have already made.
  - If the provider is owed anything, we will pay the provider directly.
  - If you have already paid more than your share of the cost of the service, we will determine how much you owed and pay you back for our share of the cost.

**2. When a network provider sends you a bill you think you should not pay**

Network providers should always bill the plan directly and ask you only for your share of the cost. But sometimes they make mistakes and ask you to pay more than your share.

- You only have to pay your cost-sharing amount when you get covered services. We do not allow providers to add additional separate charges, called “balance billing.” This protection (that you never pay more than your cost-sharing amount) applies even if we

## Chapter 5 Asking us to pay our share of a bill you have received for covered medical services

---

pay the provider less than the provider charges for a service and even if there is a dispute and we don't pay certain provider charges.

- Whenever you get a bill from a network provider that you think is more than you should pay, send us the bill. We will contact the provider directly and resolve the billing problem.
- If you have already paid a bill to a network provider, but you feel that you paid too much, send us the bill along with documentation of any payment you have made and ask us to pay you back the difference between the amount you paid and the amount you owed under the plan.

### 3. If you are retroactively enrolled in our plan

Sometimes a person's enrollment in the plan is retroactive. (This means that the first day of their enrollment has already passed. The enrollment date may even have occurred last year.)

If you were retroactively enrolled in our plan and you paid out-of-pocket for any of your covered services after your enrollment date, you can ask us to pay you back for our share of the costs. You will need to submit paperwork such as receipts and bills for us to handle the reimbursement.

All of the examples above are types of coverage decisions. This means that if we deny your request for payment, you can appeal our decision. Chapter 7 of this document has information about how to make an appeal.

---

## SECTION 2 How to ask us to pay you back or to pay a bill you have received

---

**You may request us to pay you back by sending us a request in writing.** If you send a request in writing, send your bill and documentation of any payment you have made. It's a good idea to make a copy of your bill and receipts for your records. **You must submit your claim to us within one year** of the date you received the service or item.

To make sure you are giving us all the information we need to make a decision, you can fill out our claim form to make your request for payment.

- You don't have to use the form, but it will help us process the information faster. Please provide the following information. This list is not all inclusive. If other information is needed to make a determination, the information will be requested at the time of processing.
  - Member Name
  - Member Date of Birth
  - Member ID Number
  - Name of Healthcare provider (physician, facility, etc.)
  - Date of service (include start and end date)

**Chapter 5 Asking us to pay our share of a bill you have received for covered medical services**

---

- Amount paid for service
- Illness or injury that required treatment (be as specific as possible and provide as much information as possible)
- Either download a copy of the form from our website ([www.christushealthplan.org](http://www.christushealthplan.org)) or call Member Services and ask for the form.

Mail your request for payment together with any bills or paid receipts to us at this address:

---

**SECTION 3 We will consider your request for payment and say yes or no**

---

<b>Section 3.1</b>	<b>We check to see whether we should cover the service and how much we owe</b>
--------------------	--

When we receive your request for payment, we will let you know if we need any additional information from you. Otherwise, we will consider your request and make a coverage decision.

- If we decide that the medical care is covered and you followed all the rules, we will pay for our share of the cost. If you have already paid for the service, we will mail your reimbursement of our share of the cost to you. If you have not paid for the service yet, we will mail the payment directly to the provider.
- If we decide that the medical care is *not* covered, or you did *not* follow all the rules, we will not pay for our share of the cost. We will send you a letter explaining the reasons why we are not sending the payment and your rights to appeal that decision.

<b>Section 3.2</b>	<b>If we tell you that we will not pay for all or part of the medical care, you can make an appeal</b>
--------------------	--

If you think we have made a mistake in turning down your request for payment or the amount we are paying, you can make an appeal. If you make an appeal, it means you are asking us to change the decision we made when we turned down your request for payment. The appeals process is a formal process with detailed procedures and important deadlines. For the details on how to make this appeal, go to Chapter 7 of this document.

# CHAPTER 6:

## *Your rights and responsibilities*

**Chapter 6 Your rights and responsibilities**

---

**SECTION 1      Our plan must honor your rights and cultural sensitivities as a member of the plan**

---

<b>Section 1.1</b>	<b>We must provide information in a way that works for you and consistent with your cultural sensitivities (in languages other than English, in braille, in large print, or other alternate formats, etc.)</b>
--------------------	--

Your plan is required to ensure that all services, both clinical and non-clinical, are provided in a culturally competent manner and are accessible to all enrollees, including those with limited English proficiency, limited reading skills, hearing incapacity, or those with diverse cultural and ethnic backgrounds. Examples of how a plan may meet these accessibility requirements include, but are not limited to provision of translator services, interpreter services, teletypewriters, or TTY (text telephone or teletypewriter phone) connection.

Our plan has free interpreter services available to answer questions from non-English speaking members. We can also give you information in braille, in large print, or other alternate formats at no cost if you need it. We are required to give you information about the plan's benefits in a format that is accessible and appropriate for you. To get information from us in a way that works for you, please call Member Services.

Our plan is required to give female enrollees the option of direct access to a women's health specialist within the network for women's routine and preventive health care services.

If providers in the plan's network for a specialty are not available, it is the plan's responsibility to locate specialty providers outside the network who will provide you with the necessary care. In this case, you will only pay in-network cost sharing. If you find yourself in a situation where there are no specialists in the plan's network that cover a service you need, call the plan for information on where to go to obtain this service at in-network cost sharing.

If you have any trouble getting information from our plan in a format that is accessible and appropriate for you, please call to file a grievance with Member Services. You may also file a complaint with Medicare by calling 1-800-MEDICARE (1-800-633-4227) or directly with the Office for Civil Rights 1-800-368-1019 or TTY 1-800-537-7697.

<b>Sección 1.1      Debemos proporcionarle la información de una manera que funcione para usted y de acuerdo con sus sensibilidades culturales (en idiomas diferentes al inglés, en Braille, en letra grande, en formatos alternativos, etc.).</b>
--

Su plan debe garantizar que todos los servicios, tanto clínicos como no clínicos, se brinden de una manera culturalmente competente y sean accesibles para todos los afiliados, incluyendo aquellos con dominio limitado del inglés, habilidades limitadas de lectura, discapacidad auditiva o aquellos con orígenes culturales y étnicos diversos. Los ejemplos de cómo un plan puede cumplir con estos requisitos de accesibilidad incluyen, pero no se limitan a, la provisión de

servicios de traducción, servicios de interpretación, teletipos o conexión TTY (mensajes de texto o teletipo).

Nuestro plan cuenta con servicios gratuitos de interpretación de idiomas, disponibles para responder las preguntas de los miembros que no hablan inglés. Asimismo, le podemos brindar la información en Braille, en letra grande o en formatos alternativos sin ningún costo, si lo necesita. Debemos proporcionarle la información sobre los beneficios del plan en un formato que sea accesible y adecuado para usted. Para recibir información de una manera que funcione para usted, llame a Servicios para miembros.

Nuestro plan está obligado a brindar a las mujeres inscritas la opción de tener acceso directo a un especialista en salud de la mujer dentro de la red para los servicios de atención médica preventiva y de rutina.

Si los proveedores de la red del plan para una especialidad no están disponibles, es responsabilidad del plan ubicar proveedores especializados fuera de la red que le brindarán la atención necesaria. En este caso, solo pagará el costo compartido dentro de la red. Si se encuentra en una situación en la que no hay especialistas en la red del plan que cubran un servicio que necesita, llame al plan para obtener información acerca de dónde acudir para obtener este servicio con costos compartidos dentro de la red.

Si tiene algún problema para obtener información de nuestro plan en un formato que sea accesible y apropiado para usted, consultar a especialistas en salud de la mujer o encontrar un especialista de la red, llame para presentar una queja ante Servicios para miembros. Usted también puede presentar una queja a Medicare llamando al 1-800-MEDICARE (1-800-633-4227) o directamente con la Oficina de Derechos Civiles al 1-800-368-1019 o TTY 1-800-537-7697.

<b>Section 1.2</b>	<b>We must ensure that you get timely access to your covered services</b>
--------------------	---

You have the right to choose a primary care provider (PCP) in the plan's network to provide and arrange for your covered services. You also have the right to go to a women's health specialist (such as a gynecologist) without a referral.

You have the right to get appointments and covered services from the plan's network of providers *within a reasonable amount of time*. This includes the right to get timely services from specialists when you need that care.

If you think that you are not getting your medical care within a reasonable amount of time, Chapter 7 tells what you can do.

**Chapter 6 Your rights and responsibilities****Section 1.3      We must protect the privacy of your personal health information**

Federal and state laws protect the privacy of your medical records and personal health information. We protect your personal health information as required by these laws.

- Your “personal health information” includes the personal information you gave us when you enrolled in this plan as well as your medical records and other medical and health information.
- You have rights related to your information and controlling how your health information is used. We give you a written notice, called a “Notice of Privacy Practice,” that tells about these rights and explains how we protect the privacy of your health information.

**How do we protect the privacy of your health information?**

- We make sure that unauthorized people don’t see or change your records.
- Except for the circumstances noted below, if we intend to give your health information to anyone who isn’t providing your care or paying for your care, *we are required to get written permission from you or someone you have given legal power to make decisions for you first.*
- There are certain exceptions that do not require us to get your written permission first. These exceptions are allowed or required by law.
  - We are required to release health information to government agencies that are checking on quality of care.
  - Because you are a member of our plan through Medicare, we are required to give Medicare your health information. If Medicare releases your information for research or other uses, this will be done according to Federal statutes and regulations; typically, this requires that information that uniquely identifies you not be shared.

**You can see the information in your records and know how it has been shared with others**

You have the right to look at your medical records held at the plan, and to get a copy of your records. We are allowed to charge you a fee for making copies. You also have the right to ask us to make additions or corrections to your medical records. If you ask us to do this, we will work with your healthcare provider to decide whether the changes should be made.

You have the right to know how your health information has been shared with others for any purposes that are not routine.

If you have questions or concerns about the privacy of your personal health information, please call Member Services.

**Chapter 6 Your rights and responsibilities****Section 1.4 We must give you information about the plan, its network of providers, and your covered services**

As a member of CHRISTUS Health Plan Guardian (HMO), you have the right to get several kinds of information from us.

If you want any of the following kinds of information, please call Member Services:

- **Information about our plan.** This includes, for example, information about the plan's financial condition.
- **Information about our network providers.** You have the right to get information about the qualifications of the providers in our network and how we pay the providers in our network.
- **Information about your coverage and the rules you must follow when using your coverage.** Chapters 3 and 4 provide information regarding medical services.
- **Information about why something is not covered and what you can do about it.** Chapter 7 provides information on asking for a written explanation on why a medical service is not covered or if your coverage is restricted. Chapter 7 also provides information on asking us to change a decision, also called an appeal.

**Section 1.5 We must support your right to make decisions about your care****You have the right to know your treatment options and participate in decisions about your health care**

You have the right to get full information from your doctors and other health care providers. Your providers must explain your medical condition and your treatment choices *in a way that you can understand*.

You also have the right to participate fully in decisions about your health care. To help you make decisions with your doctors about what treatment is best for you, your rights include the following:

- **To know about all of your choices.** You have the right to be told about all of the treatment options that are recommended for your condition, no matter what they cost or whether they are covered by our plan.
- **To know about the risks.** You have the right to be told about any risks involved in your care. You must be told in advance if any proposed medical care or treatment is part of a research experiment. You always have the choice to refuse any experimental treatments.
- **The right to say “no.”** You have the right to refuse any recommended treatment. This includes the right to leave a hospital or other medical facility, even if your doctor advises you not to leave. Of course, if you refuse treatment, you accept full responsibility for what happens to your body as a result.

**Chapter 6 Your rights and responsibilities****You have the right to give instructions about what is to be done if you are not able to make medical decisions for yourself**

Sometimes people become unable to make health care decisions for themselves due to accidents or serious illness. You have the right to say what you want to happen if you are in this situation. This means that, *if you want to*, you can:

- Fill out a written form to give **someone the legal authority to make medical decisions for you** if you ever become unable to make decisions for yourself.
- **Give your doctors written instructions** about how you want them to handle your medical care if you become unable to make decisions for yourself.

The legal documents that you can use to give your directions in advance in these situations are called “**advance directives**.” There are different types of advance directives and different names for them. Documents called “**living will**” and “**power of attorney for health care**” are examples of advance directives.

If you want to use an “advance directive” to give your instructions, here is what to do:

- **Get the form.** You can get an advance directive form from your lawyer, from a social worker, or from some office supply stores. You can sometimes get advance directive forms from organizations that give people information about Medicare. You can also contact Member Services to ask for the forms.
- **Fill it out and sign it.** Regardless of where you get this form, keep in mind that it is a legal document. You should consider having a lawyer help you prepare it.
- **Give copies to appropriate people.** You should give a copy of the form to your doctor and to the person you name on the form who can make decisions for you if you can't. You may want to give copies to close friends or family members. Keep a copy at home.

If you know ahead of time that you are going to be hospitalized, and you have signed an advance directive, **take a copy with you to the hospital.**

- The hospital will ask you whether you have signed an advance directive form and whether you have it with you.
- If you have not signed an advance directive form, the hospital has forms available and will ask if you want to sign one.

**Remember, it is your choice whether you want to fill out an advance directive** (including whether you want to sign one if you are in the hospital). According to law, no one can deny you care or discriminate against you based on whether or not you have signed an advance directive.

**Chapter 6 Your rights and responsibilities****What if your instructions are not followed?**

If you have signed an advance directive, and you believe that a doctor or hospital did not follow the instructions in it, you may file a complaint with the Texas Department of State Health Services.

<b>Section 1.6</b>	<b>You have the right to make complaints and to ask us to reconsider decisions we have made</b>
--------------------	---

If you have any problems, concerns, or complaints and need to request coverage, or make an appeal, Chapter 7 of this document tells what you can do. Whatever you do – ask for a coverage decision, make an appeal, or make a complaint – **we are required to treat you fairly.**

<b>Section 1.7</b>	<b>What can you do if you believe you are being treated unfairly or your rights are not being respected?</b>
--------------------	--

**If it is about discrimination, call the Office for Civil Rights**

If you believe you have been treated unfairly or your rights have not been respected due to your race, disability, religion, sex, health, ethnicity, creed (beliefs), age, sexual orientation, or national origin, you should call the Department of Health and Human Services' **Office for Civil Rights** at 1-800-368-1019 or TTY 1-800-537-7697, or call your local Office for Civil Rights.

**Is it about something else?**

If you believe you have been treated unfairly or your rights have not been respected, *and it's not* about discrimination, you can get help dealing with the problem you are having:

- You can **call Member Services**.
- You can **call the SHIP**. For details, go to Chapter 2, Section 3.
- Or, **you can call Medicare** at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week (TTY 1-877-486-2048).

<b>Section 1.8</b>	<b>How to get more information about your rights</b>
--------------------	--

There are several places where you can get more information about your rights:

- You can **call Member Services**.
- You can **call the SHIP**. For details, go to Chapter 2, Section 3.
- You can contact **Medicare**.
  - You can visit the Medicare website to read or download the publication “Medicare Rights & Protections.” (The publication is available at: [www.medicare.gov/Pubs/pdf/11534-Medicare-Rights-and-Protections.pdf](http://www.medicare.gov/Pubs/pdf/11534-Medicare-Rights-and-Protections.pdf));

**Chapter 6 Your rights and responsibilities**

- Or, you can call 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week (TTY 1-877-486-2048).

**SECTION 2      You have some responsibilities as a member of the plan**

---

Things you need to do as a member of the plan are listed below. If you have any questions, please call Member Services.

- **Get familiar with your covered services and the rules you must follow to get these covered services.** Use this Evidence of Coverage document to learn what is covered for you and the rules you need to follow to get your covered services.
  - Chapters 3 and 4 give the details about your medical services.
- **If you have any other health insurance coverage in addition to our plan, or separate prescription drug coverage, you are required to tell us.** Chapter 1 tells you about coordinating these benefits.
- **Tell your doctor and other health care providers that you are enrolled in our plan.** Show your plan membership card whenever you get your medical care.
- **Help your doctors and other providers help you by giving them information, asking questions, and following through on your care.**
  - To help get the best care, tell your doctors and other health providers about your health problems. Follow the treatment plans and instructions that you and your doctors agree upon.
  - Make sure your doctors know all of the drugs you are taking, including over-the-counter drugs, vitamins, and supplements.
  - If you have any questions, be sure to ask and get an answer you can understand.
- **Be considerate.** We expect all our members to respect the rights of other patients. We also expect you to act in a way that helps the smooth running of your doctor's office, hospitals, and other offices.
- **Pay what you owe.** As a plan member, you are responsible for these payments:
  - You must continue to pay your premium for your Medicare Part B to remain a member of the plan.
  - For some of your medical services covered by the plan, you must pay your share of the cost when you get the service.
- **If you move *within* our service area, we need to know** so we can keep your membership record up to date and know how to contact you.
  - **If you move *outside* of our plan service area, you cannot remain a member of our plan.**

**Chapter 6 Your rights and responsibilities**

- If you move, it is also important to tell Social Security (or the Railroad Retirement Board).

## CHAPTER 7:

*What to do if you have a problem or  
complaint (coverage decisions,  
appeals, complaints)*

**Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)**

---

**SECTION 1 Introduction**

---

<b>Section 1.1</b>	<b>What to do if you have a problem or concern</b>
--------------------	--

This chapter explains two types of processes for handling problems and concerns:

- For some problems, you need to use the **process for coverage decisions and appeals**.
- For other problems, you need to use the **process for making complaints**; also called grievances.

Both of these processes have been approved by Medicare. Each process has a set of rules, procedures, and deadlines that must be followed by us and by you.

The guide in Section 3 will help you identify the right process to use and what you should do.

<b>Section 1.2</b>	<b>What about the legal terms?</b>
--------------------	------------------------------------

There are legal terms for some of the rules, procedures, and types of deadlines explained in this chapter. Many of these terms are unfamiliar to most people and can be hard to understand. To make things easier, this chapter:

- Uses simpler words in place of certain legal terms. For example, this chapter generally says “making a complaint” rather than “filing a grievance,” “coverage decision” rather than “organization determination,” and “independent review organization” instead of “Independent Review Entity.”
- It also uses abbreviations as little as possible.

However, it can be helpful – and sometimes quite important – for you to know the correct legal terms. Knowing which terms to use will help you communicate more accurately to get the right help or information for your situation. To help you know which terms to use, we include legal terms when we give the details for handling specific types of situations.

---

**SECTION 2 Where to get more information and personalized assistance**

---

We are always available to help you. Even if you have a complaint about our treatment of you, we are obligated to honor your right to complain. Therefore, you should always reach out to customer service for help. But in some situations you may also want help or guidance from someone who is not connected with us. **Below are two entities that can assist you.**

**Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)****State Health Insurance Assistance Program (SHIP)**

Each state has a government program with trained counselors. The program is not connected with us or with any insurance company or health plan. The counselors at this program can help you understand which process you should use to handle a problem you are having. They can also answer your questions, give you more information, and offer guidance on what to do.

The services of SHIP counselors are free. You will find phone numbers and website URLs in Chapter 2, Section 3 of this document.

**Medicare**

You can also contact Medicare to get help. To contact Medicare:

- You can call 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048.
- You can also visit the Medicare website ([www.medicare.gov](http://www.medicare.gov)).

---

**SECTION 3      To deal with your problem, which process should you use?**

---

If you have a problem or concern, you only need to read the parts of this chapter that apply to your situation. The guide that follows will help.

---

**Is your problem or concern about your benefits or coverage?**

(This includes problems about whether medical care or prescription drugs are covered or not, the way they are covered, and problems related to payment for medical care or prescription drugs.)

**Yes.**

Go on to the next section of this chapter, **Section 4, “A guide to the basics of coverage decisions and appeals.”**

**No.**

Skip ahead to **Section 9** at the end of this chapter: **“How to make a complaint about quality of care, waiting times, customer service or other concerns.”**

---

**Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)****COVERAGE DECISIONS AND APPEALS****SECTION 4      A guide to the basics of coverage decisions and appeals****Section 4.1      Asking for coverage decisions and making appeals: the big picture**

Coverage decisions and appeals deal with problems related to your benefits and coverage for medical services, including payment. This is the process you use for issues such as whether something is covered or not and the way in which something is covered.

**Asking for coverage decisions prior to receiving services**

A coverage decision is a decision we make about your benefits and coverage or about the amount we will pay for your medical services. For example, your plan network doctor makes a (favorable) coverage decision for you whenever you receive medical care from him or her or if your network doctor refers you to a medical specialist. You or your doctor can also contact us and ask for a coverage decision if your doctor is unsure whether we will cover a particular medical service or refuse to provide medical care you think that you need. In other words, if you want to know if we will cover a medical service before you receive it, you can ask us to make a coverage decision for you. In limited circumstances a request for a coverage decision will be dismissed, which means we won't review the request. Examples of when a request will be dismissed include if the request is incomplete, if someone makes the request on your behalf but isn't legally authorized to do so or if you ask for your request to be withdrawn. If we dismiss a request for a coverage decision, we will send a notice explaining why the request was dismissed and how to ask for a review of the dismissal.

We are making a coverage decision for you whenever we decide what is covered for you and how much we pay. In some cases, we might decide a service or drug is not covered or is no longer covered by Medicare for you. If you disagree with this coverage decision, you can make an appeal.

**Making an appeal**

If we make a coverage decision, whether before or after a service is received, and you are not satisfied, you can "appeal" the decision. An appeal is a formal way of asking us to review and change a coverage decision we have made. Under certain circumstances, which we discuss later, you can request an expedited or "fast appeal" of a coverage decision. Your appeal is handled by different reviewers than those who made the original decision.

When you appeal a decision for the first time, this is called a Level 1 appeal. In this appeal, we review the coverage decision we made to check to see if we properly were following the rules. When we have completed the review we give you our decision.

## **Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)**

In limited circumstances a request for a Level 1 appeal will be dismissed, which means we won't review the request. Examples of when a request will be dismissed include if the request is incomplete, if someone makes the request on your behalf but isn't legally authorized to do so or if you ask for your request to be withdrawn. If we dismiss a request for a Level 1 appeal, we will send a notice explaining why the request was dismissed and how to ask for a review of the dismissal.

If we do not dismiss your case but say no to all or part of your Level 1 appeal, you can go on to a Level 2 appeal. The Level 2 appeal is conducted by an independent review organization that is not connected to us. (Appeals for medical services and Part B drugs will be automatically sent to the independent review organization for a Level 2 appeal – you do not need to do anything. For Part D drug appeals, if we say no to all or part of your appeal you will need to ask for a Level 2 appeal. Part D appeals are discussed further in Section 6 of this chapter. If you are not satisfied with the decision at the Level 2 appeal, you may be able to continue through additional levels of appeal.

<b>Section 4.2</b>	<b>How to get help when you are asking for a coverage decision or making an appeal</b>
--------------------	--

Here are resources if you decide to ask for any kind of coverage decision or appeal a decision:

- **You can call us at Member Services.**
- **You can get free help** from your SHIP.
- **Your doctor can make a request for you.** If your doctor helps with an appeal past Level 2, they will need to be appointed as your representative. Please call Member Services and ask for the “Appointment of Representative” form. (The form is also available on Medicare’s website at [www.cms.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf](http://www.cms.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf) or on our website at [www.christushealthplan.org](http://www.christushealthplan.org).)
  - For medical care or Part B prescription drugs, your doctor can request a coverage decision or a Level 1 appeal on your behalf. If your appeal is denied at Level 1, it will be automatically forwarded to Level 2.
- **You can ask someone to act on your behalf.** If you want to, you can name another person to act for you as your “representative” to ask for a coverage decision or make an appeal.
  - If you want a friend, relative, or other person to be your representative, call Member Services and ask for the “Appointment of Representative” form. (The form is also available on Medicare’s website at [www.cms.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf](http://www.cms.gov/Medicare/CMS-Forms/CMS-Forms/downloads/cms1696.pdf) or on our website at [www.christushealthplan.org](http://www.christushealthplan.org).) The form gives that person permission to act on your behalf. It must be signed by you and by the person who you would like to act on your behalf. You must give us a copy of the signed form.
  - While we can accept an appeal request without the form, we cannot begin or complete our review until we receive it. If we do not receive the form within 44

**Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)**

calendar days after receiving your appeal request (our deadline for making a decision on your appeal), your appeal request will be dismissed. If this happens, we will send you a written notice explaining your right to ask the independent review organization to review our decision to dismiss your appeal.

- **You also have the right to hire a lawyer.** You may contact your own lawyer, or get the name of a lawyer from your local bar association or other referral service. There are also groups that will give you free legal services if you qualify. However, **you are not required to hire a lawyer** to ask for any kind of coverage decision or appeal a decision.

<b>Section 4.3</b>	<b>Which section of this chapter gives the details for <u>your</u> situation?</b>
--------------------	---

There are three different situations that involve coverage decisions and appeals. Since each situation has different rules and deadlines, we give the details for each one in a separate section:

- **Section 5** of this chapter: “Your medical care: How to ask for a coverage decision or make an appeal”
- **Section 6** of this chapter: “How to ask us to cover a longer inpatient hospital stay if you think the doctor is discharging you too soon”
- **Section 7** of this chapter: “How to ask us to keep covering certain medical services if you think your coverage is ending too soon” (*Applies to only these services*: home health care, skilled nursing facility care, and Comprehensive Outpatient Rehabilitation Facility (CORF) services)

If you’re not sure which section you should be using, please call Member Services. You can also get help or information from government organizations such as your SHIP.

---

<b>SECTION 5</b>	<b>Your medical care: How to ask for a coverage decision or make an appeal of a coverage decision</b>
------------------	---

---

<b>Section 5.1</b>	<b>This section tells what to do if you have problems getting coverage for medical care or if you want us to pay you back for our share of the cost of your care</b>
--------------------	--

This section is about your benefits for medical care and services. These benefits are described in Chapter 4 of this document: *Medical Benefits Chart (what is covered and what you pay)*. To keep things simple, we generally refer to “medical care coverage” or “medical care” which includes medical items and services as well as Medicare Part B prescription drugs. In some cases, different rules apply to a request for a Part B prescription drug. In those cases, we will explain how the rules for Part B prescription drugs are different from the rules for medical items and services.

This section tells what you can do if you are in any of the five following situations:

## Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

1. You are not getting certain medical care you want, and you believe that this care is covered by our plan. **Ask for a coverage decision. Section 5.2.**
2. Our plan will not approve the medical care your doctor or other medical provider wants to give you, and you believe that this care is covered by the plan. **Ask for a coverage decision. Section 5.2.**
3. You have received medical care that you believe should be covered by the plan, but we have said we will not pay for this care. **Make an Appeal. Section 5.3.**
4. You have received and paid for medical care that you believe should be covered by the plan, and you want to ask our plan to reimburse you for this care. **Send us the bill. Section 5.5**
5. You are being told that coverage for certain medical care you have been getting that we previously approved will be reduced or stopped, and you believe that reducing or stopping this care could harm your health. **Make an Appeal. Section 5.3**

**Note: If the coverage that will be stopped is for hospital care, home health care, skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services, you need to read Sections 7 and 8 of this Chapter. Special rules apply to these types of care.**

<b>Section 5.2</b>	<b>Step-by-step: How to ask for a coverage decision</b>
--------------------	---

<b>Legal Terms</b>
--------------------

When a coverage decision involves your medical care, it is called an <b>“organization determination.”</b>
---

A “fast coverage decision” is called an <b>“expedited determination.”</b>
---

### **Step 1: Decide if you need a “standard coverage decision” or a “fast coverage decision.”**

A “standard coverage decision” is usually made within 14 days or 72 hours for Part B drugs. A “fast coverage decision” is generally made within 72 hours, for medical services, 24 hours for Part B drugs. In order to get a fast coverage decision, you must meet two requirements:

- You may *only ask* for coverage for medical care *you have not yet received*.
- You can get a fast coverage decision *only* if using the standard deadlines could *cause serious harm to your health or hurt your ability to function*.
- **If your doctor tells us that your health requires a “fast coverage decision,” we will automatically agree to give you a fast coverage decision.**
- **If you ask for a fast coverage decision on your own, without your doctor’s support, we will decide whether your health requires that we give you a fast coverage decision.** If we do not approve a fast coverage decision, we will send you a letter that:

**Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)**

- Explains that we will use the standard deadlines.
- Explains if your doctor asks for the fast coverage decision, we will automatically give you a fast coverage decision.
- Explains that you can file a “fast complaint” about our decision to give you a standard coverage decision instead of the fast coverage decision you requested.

**Step 2: Ask our plan to make a coverage decision or fast coverage decision.**

- Start by calling, writing, or faxing our plan to make your request for us to authorize or provide coverage for the medical care you want. You, your doctor, or your representative can do this. Chapter 2 has contact information.

**Step 3: We consider your request for medical care coverage and give you our answer.**

*For standard coverage decisions we use the standard deadlines.*

**This means we will give you an answer within 14 calendar days** after we receive your request **for a medical item or service**. If your request is for a **Medicare Part B prescription drug**, we will give you an answer **within 72 hours** after we receive your request.

- **However**, if you ask for more time, or if we need more information that may benefit you **we can take up to 14 more days** if your request is for a medical item or service. If we take extra days, we will tell you in writing. We can’t take extra time to make a decision if your request is for a Medicare Part B prescription drug.
- If you believe we should *not* take extra days, you can file a “fast complaint”. We will give you an answer to your complaint as soon as we make the decision. (The process for making a complaint is different from the process for coverage decisions and appeals. See Section 10 of this chapter for information on complaints.)

*For Fast Coverage decisions we use an expedited timeframe*

**A fast coverage decision means we will answer within 72 hours if your request is for a medical item or service. If your request is for a Medicare Part B prescription drug, we will answer within 24 hours.**

- **However**, if you ask for more time, or if we need more that may benefit you **we can take up to 14 more days**. If we take extra days, we will tell you in writing. We can’t take extra time to make a decision if your request is for a Medicare Part B prescription drug.
- If you believe we should *not* take extra days, you can file a “fast complaint”. (See Section 10 of this chapter for information on complaints.) We will call you as soon as we make the decision.
- **If our answer is no to part or all of what you requested**, we will send you a written statement that explains why we said no.

## **Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)**

### **Step 4: If we say no to your request for coverage for medical care, you can appeal.**

- If we say no, you have the right to ask us to reconsider this decision by making an appeal. This means asking again to get the medical care coverage you want. If you make an appeal, it means you are going on to Level 1 of the appeals process.

<b>Section 5.3</b>	<b>Step-by-step: How to make a Level 1 appeal</b>
--------------------	---

<b>Legal Terms</b>
--------------------

An appeal to the plan about a medical care coverage decision is called a plan “ <b>reconsideration.</b> ”
---

A “fast appeal” is also called an “ <b>expedited reconsideration.</b> ”
---

### **Step 1: Decide if you need a “standard appeal” or a “fast appeal.”**

A “standard appeal” is usually made within 30 days. A “fast appeal” is generally made within 72 hours.

- If you are appealing a decision we made about coverage for care that you have not yet received, you and/or your doctor will need to decide if you need a “fast appeal.” If your doctor tells us that your health requires a “fast appeal,” we will give you a fast appeal.
- The requirements for getting a “fast appeal” are the same as those for getting a “fast coverage decision” in Section 5.2 of this chapter.

### **Step 2: Ask our plan for an Appeal or a Fast Appeal**

- **If you are asking for a standard appeal, submit your standard appeal in writing.**
- **If you are asking for a fast appeal, make your appeal in writing or call us.** Chapter 2 has contact information.
- **You must make your appeal request within 60 calendar days** from the date on the written notice we sent to tell you our answer on the coverage decision. If you miss this deadline and have a good reason for missing it, explain the reason your appeal is late when you make your appeal. We may give you more time to make your appeal. Examples of good cause may include a serious illness that prevented you from contacting us or if we provided you with incorrect or incomplete information about the deadline for requesting an appeal.
- **You can ask for a copy of the information regarding your medical decision. You and your doctor may add more information to support your appeal.**

**Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)****Step 3: We consider your appeal and we give you our answer.**

- When our plan is reviewing your appeal, we take a careful look at all of the information. We check to see if we were following all the rules when we said no to your request.
- We will gather more information if needed, possibly contacting you or your doctor.

***Deadlines for a “fast appeal”***

- For fast appeals, we must give you our answer **within 72 hours after we receive your appeal**. We will give you our answer sooner if your health requires us to.
  - However, if you ask for more time, or if we need more information that may benefit you, we **can take up to 14 more calendar days** if your request is for a medical item or service. If we take extra days, we will tell you in writing. We can't take extra time if your request is for a Medicare Part B prescription drug.
  - If we do not give you an answer within 72 hours (or by the end of the extended time period if we took extra days), we are required to automatically send your request on to Level 2 of the appeals process, where it will be reviewed by an independent review organization. Section 5.4 explains the Level 2 appeal process.
- **If our answer is yes to part or all of what you requested**, we must authorize or provide the coverage we have agreed to provide within 72 hours after we receive your appeal.
- **If our answer is no to part or all of what you requested**, we will send you our decision in writing and automatically forward your appeal to the independent review organization for a Level 2 appeal. The independent review organization will notify you in writing when it receives your appeal.

***Deadlines for a “standard appeal”***

- For standard appeals, we must give you our answer **within 30 calendar days** after we receive your appeal. If your request is for a Medicare Part B prescription drug you have not yet received, we will give you our answer **within 7 calendar days** after we receive your appeal. We will give you our decision sooner if your health condition requires us to.
  - However, if you ask for more time, or if we need more information that may benefit you, **we can take up to 14 more calendar days** if your request is for a medical item or service. If we take extra days, we will tell you in writing. We can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.
  - If you believe we should *not* take extra days, you can file a “fast complaint.” When you file a fast complaint, we will give you an answer to your complaint within 24 hours. (See Section 9 of this chapter for information on complaints.)
  - If we do not give you an answer by the deadline (or by the end of the extended time period), we will send your request to a Level 2 appeal, where an independent

review organization will review the appeal. Section 5.4 explains the Level 2 appeal process.

- **If our answer is yes to part or all of what you requested**, we must authorize or provide the coverage within **30 calendar days** if your request is for a medical item or service, or **within 7 calendar days** if your request is for a Medicare Part B prescription drug.
- **If our plan says no to part or all of your appeal**, we will automatically send your appeal to the independent review organization for a Level 2 appeal.

### Section 5.4 Step-by-step: How a Level 2 appeal is done

Legal Term
The formal name for the “independent review organization” is the “ <b>Independent Review Entity</b> .” It is sometimes called the “ <b>IRE</b> .”

The **independent review organization** is an **independent organization hired by Medicare**. It is not connected with us and is not a government agency. This organization decides whether the decision we made is correct or if it should be changed. Medicare oversees its work.

#### **Step 1: The independent review organization reviews your appeal.**

- We will send the information about your appeal to this organization. This information is called your “case file.” **You have the right to ask us for a copy of your case file.**
- You have a right to give the independent review organization additional information to support your appeal.
- Reviewers at the independent review organization will take a careful look at all of the information related to your appeal.

#### ***If you had a “fast appeal” at Level 1, you will also have a “fast appeal” at Level 2***

- For the “fast appeal” the review organization must give you an answer to your Level 2 appeal **within 72 hours** of when it receives your appeal.
- However, if your request is for a medical item or service and the independent review organization needs to gather more information that may benefit you, **it can take up to 14 more calendar days**. The independent review organization can’t take extra time to make a decision if your request is for a Medicare Part B prescription drug.

#### ***If you had a “standard appeal” at Level 1, you will also have a “standard appeal” at Level 2***

- For the “standard appeal” if your request is for a medical item or service, the review organization must give you an answer to your Level 2 appeal **within 30 calendar days** of when it receives your appeal. If your request is for a Medicare Part B prescription drug, the review organization must give you an answer to your Level 2 appeal **within 7 calendar days** of when it receives your appeal.

## **Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)**

- However, if your request is for a medical item or service and the independent review organization needs to gather more information that may benefit you, **it can take up to 14 more calendar days**. The independent review organization can't take extra time to make a decision if your request is for a Medicare Part B prescription drug.

### **Step 2: The independent review organization gives you their answer.**

The independent review organization will tell you its decision in writing and explain the reasons for it.

- **If the review organization says yes to part or all of a request for a medical item or service**, we must authorize the medical care coverage within 72 hours or provide the service within 14 calendar days after we receive the decision from the review organization for standard requests. For expedited requests, we have 72 hours from the date we receive the decision from the review organization.
- **If the review organization says yes to part or all of a request for a Medicare Part B prescription drug**, we must authorize or provide the Part B prescription drug within **72 hours** after we receive the decision from the review organization for **standard requests**. For **expedited requests**, we have **24 hours** from the date we receive the decision from the review organization.
- **If this organization says no to part or all of your appeal**, it means they agree with us that your request (or part of your request) for coverage for medical care should not be approved. (This is called “upholding the decision” or “turning down your appeal”). In this case, the independent review organization will send you a letter:
  - Explaining its decision.
  - Notifying you of the right to a Level 3 appeal if the dollar value of the medical care coverage meets a certain minimum. The written notice you get from the independent review organization will tell you the dollar amount you must meet to continue the appeals process.
  - Telling you how to file a Level 3 appeal.

### **Step 3: If your case meets the requirements, you choose whether you want to take your appeal further.**

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal). If you want to go to a Level 3 appeal the details on how to do this are in the written notice you get after your Level 2 appeal.
- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 8 in this chapter explains the Level 3, 4, and 5 appeals processes.

**Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)****Section 5.5 What if you are asking us to pay you for our share of a bill you have received for medical care?**

Chapter 5 describes when you may need to ask for reimbursement or to pay a bill you have received from a provider. It also tells how to send us the paperwork that asks us for payment.

**Asking for reimbursement is asking for a coverage decision from us**

If you send us the paperwork asking for reimbursement, you are asking for a coverage decision. To make this decision, we will check to see if the medical care you paid for is a covered service. We will also check to see if you followed all the rules for using your coverage for medical care.

- **If we say yes to your request:** If the medical care is covered and you followed all the rules, we will send you the payment for our share of the cost within 60 calendar days after we receive your request. If you haven't paid for the services, we will send the payment directly to the provider.
- **If we say no to your request:** If the medical care is *not* covered, or you did *not* follow all the rules, we will not send payment. Instead, we will send you a letter that says we will not pay for the services and the reasons why.

If you do not agree with our decision to turn you down, **you can make an appeal**. If you make an appeal, it means you are asking us to change the coverage decision we made when we turned down your request for payment.

**To make this appeal, follow the process for appeals that we describe in Section 5.3.** For appeals concerning reimbursement, please note:

- We must give you our answer within 60 calendar days after we receive your appeal. (If you are asking us to pay you back for medical care you have already received and paid for, you are not allowed to ask for a fast appeal.)
- If the independent review organization decides we should pay, we must send you or the provider the payment within 30 calendar days. If the answer to your appeal is yes at any stage of the appeals process after Level 2, we must send the payment you requested to you or to the provider within 60 calendar days.

**SECTION 6 How to ask us to cover a longer inpatient hospital stay if you think the doctor is discharging you too soon**

---

When you are admitted to a hospital, you have the right to get all of your covered hospital services that are necessary to diagnose and treat your illness or injury.

**Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)**

During your covered hospital stay, your doctor and the hospital staff will be working with you to prepare for the day when you will leave the hospital. They will help arrange for care you may need after you leave.

- The day you leave the hospital is called your “**discharge date**.”
- When your discharge date is decided, your doctor or the hospital staff will tell you.
- If you think you are being asked to leave the hospital too soon, you can ask for a longer hospital stay and your request will be considered.

<b>Section 6.1</b>	<b>During your inpatient hospital stay, you will get a written notice from Medicare that tells about your rights</b>
--------------------	--

Within two days of being admitted to the hospital, you will be given a written notice called *An Important Message from Medicare about Your Rights*. Everyone with Medicare gets a copy of this notice. If you do not get the notice from someone at the hospital (for example, a caseworker or nurse), ask any hospital employee for it. If you need help, please call Member Services or 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week (TTY 1-877-486-2048).

**1. Read this notice carefully and ask questions if you don’t understand it.** It tells you about:

- Your right to receive Medicare-covered services during and after your hospital stay, as ordered by your doctor. This includes the right to know what these services are, who will pay for them, and where you can get them.
- Your right to be involved in any decisions about your hospital stay.
- Where to report any concerns you have about quality of your hospital care.
- Your right **request an immediate review** of the decision to discharge you if you think you are being discharged from the hospital too soon. This is a formal, legal way to ask for a delay in your discharge date so that we will cover your hospital care for a longer time.

**2. You will be asked to sign the written notice to show that you received it and understand your rights.**

- You or someone who is acting on your behalf will be asked to sign the notice.
- Signing the notice shows *only* that you have received the information about your rights. The notice does not give your discharge date. Signing the notice **does not mean** you are agreeing on a discharge date.

**3. Keep your copy** of the notice handy so you will have the information about making an appeal (or reporting a concern about quality of care) if you need it.

- If you sign the notice more than two days before your discharge date, you will get another copy before you are scheduled to be discharged.
- To look at a copy of this notice in advance, you can call Member Services or 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-

<b>Section 6.2</b>	<b>Step-by-step: How to make a Level 1 appeal to change your hospital discharge date</b>
--------------------	--

If you want to ask for your inpatient hospital services to be covered by us for a longer time, you will need to use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are.

- **Follow the process.**
- **Meet the deadlines.**
- **Ask for help if you need it.** If you have questions or need help at any time, please call Member Services. Or call your SHIP, a government organization that provides personalized assistance.

**During a Level 1 appeal, the Quality Improvement Organization reviews your appeal.** It checks to see if your planned discharge date is medically appropriate for you.

The **Quality Improvement Organization** is a group of doctors and other health care professionals paid by the Federal government to check on and help improve the quality of care for people with Medicare. This includes reviewing hospital discharge dates for people with Medicare. These experts are not part of our plan.

**Step 1: Contact the Quality Improvement Organization for your state and ask for an immediate review of your hospital discharge. You must act quickly.**

*How can you contact this organization?*

- The written notice you received (*An Important Message from Medicare About Your Rights*) tells you how to reach this organization. (Or find the name, address, and phone number of the Quality Improvement Organization for your state in Chapter 2.

*Act quickly:*

- To make your appeal, you must contact the Quality Improvement Organization *before* you leave the hospital and **no later than midnight the day of your discharge**.
  - **If you meet this deadline**, you may stay in the hospital *after* your discharge date *without paying for it* while you wait to get the decision from the Quality Improvement Organization.
  - **If you do *not* meet this deadline**, and you decide to stay in the hospital after your planned discharge date, *you may have to pay all of the costs* for hospital care you receive after your planned discharge date.

**Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)**

- If you miss the deadline for contacting the Quality Improvement Organization, and you still wish to appeal, you must make an appeal directly to our plan instead. For details about this other way to make your appeal, see Section 6.4.
- Once you request an immediate review of your hospital discharge the Quality Improvement Organization will contact us. By noon of the day after we are contacted we will give you a **Detailed Notice of Discharge**. This notice gives your planned discharge date and explains in detail the reasons why your doctor, the hospital, and we think it is right (medically appropriate) for you to be discharged on that date.
- You can get a sample of the **Detailed Notice of Discharge** by calling Member Services or 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. (TTY users should call 1-877-486-2048.) Or you can see a sample notice online at [www.cms.gov/Medicare/Medicare-General-Information/BNI/HospitalDischargeappealNotices](http://www.cms.gov/Medicare/Medicare-General-Information/BNI/HospitalDischargeappealNotices).

**Step 2: The Quality Improvement Organization conducts an independent review of your case.**

- Health professionals at the Quality Improvement Organization (“the reviewers”) will ask you (or your representative) why you believe coverage for the services should continue. You don’t have to prepare anything in writing, but you may do so if you wish.
- The reviewers will also look at your medical information, talk with your doctor, and review information that the hospital and we have given to them.
- By noon of the day after the reviewers told us of your appeal, you will get a written notice from us that gives your planned discharge date. This notice also explains in detail the reasons why your doctor, the hospital, and we think it is right (medically appropriate) for you to be discharged on that date.

**Step 3: Within one full day after it has all the needed information, the Quality Improvement Organization will give you its answer to your appeal.*****What happens if the answer is yes?***

- If the review organization says **yes**, **we must keep providing your covered inpatient hospital services for as long as these services are medically necessary**.
- You will have to keep paying your share of the costs (such as deductibles or copayments, if these apply). In addition, there may be limitations on your covered hospital services. (See

***What happens if the answer is no?***

- If the review organization says **no**, they are saying that your planned discharge date is medically appropriate. If this happens, **our coverage for your inpatient hospital services will end** at noon on the day *after* the Quality Improvement Organization gives you its answer to your appeal.

**Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)**

- If the review organization says *no* to your appeal and you decide to stay in the hospital, then **you may have to pay the full cost** of hospital care you receive after noon on the day after the Quality Improvement Organization gives you its answer to your appeal.

**Step 4: If the answer to your Level 1 appeal is no, you decide if you want to make another appeal**

- If the Quality Improvement Organization has said no to your appeal, *and* you stay in the hospital after your planned discharge date, then you can make another appeal. Making another appeal means you are going on to “Level 2” of the appeals process.

<b>Section 6.3</b>	<b>Step-by-step: How to make a Level 2 appeal to change your hospital discharge date</b>
--------------------	--

During a Level 2 appeal, you ask the Quality Improvement Organization to take another look at their decision on your first appeal. If the Quality Improvement Organization turns down your Level 2 appeal, you may have to pay the full cost for your stay after your planned discharge date.

**Step 1: Contact the Quality Improvement Organization again and ask for another review**

- You must ask for this review **within 60 calendar days** after the day the Quality Improvement Organization said *no* to your Level 1 appeal. You can ask for this review only if you stay in the hospital after the date that your coverage for the care ended.

**Step 2: The Quality Improvement Organization does a second review of your situation**

- Reviewers at the Quality Improvement Organization will take another careful look at all of the information related to your appeal.

**Step 3: Within 14 calendar days of receipt of your request for a Level 2 appeal, the reviewers will decide on your appeal and tell you their decision.*****If the review organization says yes:***

- **We must reimburse you** for our share of the costs of hospital care you have received since noon on the day after the date your first appeal was turned down by the Quality Improvement Organization. **We must continue providing coverage for your inpatient hospital care for as long as it is medically necessary.**
- You must continue to pay your share of the costs and coverage limitations may apply.

***If the review organization says no:***

- It means they agree with the decision they made on your Level 1 appeal. This is called “upholding the decision.”

## **Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)**

- The notice you get will tell you in writing what you can do if you wish to continue with the review process.

### **Step 4: If the answer is no, you will need to decide whether you want to take your appeal further by going on to Level 3**

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal). If you want to go to a Level 3 appeal, the details on how to do this are in the written notice you get after your Level 2 appeal decision.
- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 8 in this chapter tells more about Levels 3, 4, and 5 of the appeals process.

<b>Section 6.4</b>	<b>What if you miss the deadline for making your Level 1 appeal?</b>
--------------------	--

<b>Legal Term</b>
-------------------

A “fast review” (or “fast appeal”) is also called an “ <b>expedited appeal</b> .”
---

### **You can appeal to us instead**

As explained above, you must act quickly to start your Level 1 appeal of your hospital discharge. If you miss the deadline for contacting the Quality Improvement Organization, there is another way to make your appeal.

If you use this other way of making your appeal, *the first two levels of appeal are different.*

### **Step-by-Step: How to make a Level 1 *Alternate* appeal**

#### **Step 1: Contact us and ask for a “fast review.”**

- **Ask for a “fast review.”** This means you are asking us to give you an answer using the “fast” deadlines rather than the “standard” deadlines. Chapter 2 has contact information.

#### **Step 2: We do a “fast review” of your planned discharge date, checking to see if it was medically appropriate.**

- During this review, we take a look at all of the information about your hospital stay. We check to see if your planned discharge date was medically appropriate. We see if the decision about when you should leave the hospital was fair and followed all the rules.

#### **Step 3: We give you our decision within 72 hours after you ask for a “fast review”.**

- **If we say yes to your appeal,** it means we have agreed with you that you still need to be in the hospital after the discharge date. We will keep providing your covered inpatient hospital services for as long as they are medically necessary. It also means that we have agreed to reimburse you for our share of the costs of care you have received since the

## Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

date when we said your coverage would end. (You must pay your share of the costs and there may be coverage limitations that apply.)

- **If we say no to your appeal**, we are saying that your planned discharge date was medically appropriate. Our coverage for your inpatient hospital services ends as of the day we said coverage would end.
  - If you stayed in the hospital *after* your planned discharge date, then **you may have to pay the full cost** of hospital care you received after the planned discharge date.

**Step 4: If we say *no* to your fast appeal, your case will *automatically* be sent on to the next level of the appeals process.**

### Step-by-Step: Level 2 *Alternate* appeal Process

Legal Term
The formal name for the “independent review organization” is the “ <b>Independent Review Entity.</b> ” It is sometimes called the “ <b>IRE.</b> ”

The independent review organization is an independent organization hired by Medicare. It is not connected with our plan and is not a government agency. This organization decides whether the decision we made is correct or if it should be changed. Medicare oversees its work.

**Step 1: We will automatically forward your case to the independent review organization.**

- We are required to send the information for your Level 2 appeal to the independent review organization within 24 hours of when we tell you that we are saying no to your first appeal. (If you think we are not meeting this deadline or other deadlines, you can make a complaint. Section 9 of this chapter tells how to make a complaint.)

**Step 2: The independent review organization does a “fast review” of your appeal. The reviewers give you an answer within 72 hours.**

- Reviewers at the independent review organization will take a careful look at all of the information related to your appeal of your hospital discharge.
- **If this organization says *yes* to your appeal**, then we must (pay you back) for our share of the costs of hospital care you received since the date of your planned discharge. We must also continue the plan’s coverage of your inpatient hospital services for as long as it is medically necessary. You must continue to pay your share of the costs. If there are coverage limitations, these could limit how much we would reimburse or how long we would continue to cover your services.
- **If this organization says *no* to your appeal**, it means they agree that your planned hospital discharge date was medically appropriate.
  - The written notice you get from the independent review organization will tell how to start a Level 3 appeal with the review process, which is handled by an Administrative Law Judge or attorney adjudicator.

## Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

### **Step 3: If the independent review organization turns down your appeal, you choose whether you want to take your appeal further**

- There are three additional levels in the appeals process after Level 2 (for a total of five levels of appeal). If reviewers say no to your Level 2 appeal, you decide whether to accept their decision or go on to Level 3 appeal.
- Section 8 in this chapter tells more about Levels 3, 4, and 5 of the appeals process.

## **SECTION 7      How to ask us to keep covering certain medical services if you think your coverage is ending too soon**

---

<b>Section 7.1</b>	<i>This section is only about three services:</i> <b>Home health care, skilled nursing facility care, and Comprehensive Outpatient Rehabilitation Facility (CORF) services</b>
--------------------	---

When you are getting **home health services, skilled nursing care, or rehabilitation care (Comprehensive Outpatient Rehabilitation Facility)**, you have the right to keep getting your covered services for that type of care for as long as the care is needed to diagnose and treat your illness or injury.

When we decide it is time to stop covering any of the three types of care for you, we are required to tell you in advance. When your coverage for that care ends, *we will stop paying our share of the cost for your care.*

If you think we are ending the coverage of your care too soon, you can appeal our decision. This section tells you how to ask for an appeal.

- 1. You receive a notice in writing** at least two days before our plan is going to stop covering your care. The notice tells you:
  - The date when we will stop covering the care for you.
  - How to request a “fast track appeal” to request us to keep covering your care for a longer period of time.

**Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)**

2. **You, or someone who is acting on your behalf, will be asked to sign the written notice to show that you received it.** Signing the notice shows *only* that you have received the information about when your coverage will stop. **Signing it does not mean you agree** with the plan's decision to stop care.

<b>Section 7.3</b>	<b>Step-by-step: How to make a Level 1 appeal to have our plan cover your care for a longer time</b>
--------------------	--

If you want to ask us to cover your care for a longer period of time, you will need to use the appeals process to make this request. Before you start, understand what you need to do and what the deadlines are.

- **Follow the process.**
- **Meet the deadlines.**
- **Ask for help if you need it.** If you have questions or need help at any time, please call Member Services. Or call your SHIP, a government organization that provides personalized assistance.

**During a Level 1 appeal, the Quality Improvement Organization reviews your appeal.** It decides if the end date for your care is medically appropriate.

The **Quality Improvement Organization** is a group of doctors and other health care experts paid by the Federal government to check on and help improve the quality of care for people with Medicare. This includes reviewing plan decisions about when it's time to stop covering certain kinds of medical care. These experts are not part of our plan.

**Step 1: Make your Level 1 appeal: contact the Quality Improvement Organization and ask for a fast-track appeal. You must act quickly.**

*How can you contact this organization?*

- The written notice you received (*Notice of Medicare Non-Coverage*) tells you how to reach this organization. (Or find the name, address, and phone number of the Quality Improvement Organization for your state in Chapter 2.)

*Act quickly:*

- You must contact the Quality Improvement Organization to start your appeal **by noon of the day before the effective date** on the Notice of Medicare Non-Coverage.

*Your deadline for contacting this organization.*

- If you miss the deadline for contacting the Quality Improvement Organization, and you still wish to file an appeal, you must make an appeal directly to us instead. For details about this other way to make your appeal, see Section 7.5.

## Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

### **Step 2: The Quality Improvement Organization conducts an independent review of your case.**

Legal Term
<b>“Detailed Explanation of Non-Coverage.”</b> Notice that provides details on reasons for ending coverage.

#### *What happens during this review?*

- Health professionals at the Quality Improvement Organization (“the reviewers”) will ask you, or your representative, why you believe coverage for the services should continue. You don’t have to prepare anything in writing, but you may do so if you wish.
- The review organization will also look at your medical information, talk with your doctor, and review information that our plan has given to them.
- By the end of the day the reviewers told us of your appeal, you will get the **Detailed Explanation of Non-Coverage**, from us that explain in detail our reasons for ending our coverage for your services.

### **Step 3: Within one full day after they have all the information they need, the reviewers will tell you their decision.**

#### *What happens if the reviewers say yes?*

- If the reviewers say *yes* to your appeal, then **we must keep providing your covered services for as long as it is medically necessary.**
- You will have to keep paying your share of the costs (such as deductibles or copayments, if these apply). There may be limitations on your covered services.

#### *What happens if the reviewers say no?*

- If the reviewers say *no*, then **your coverage will end on the date we have told you.**
- If you decide to keep getting the home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services *after* this date when your coverage ends, then **you will have to pay the full cost** of this care yourself.

### **Step 4: If the answer to your Level 1 appeal is no, you decide if you want to make another appeal.**

- If reviewers say *no* to your Level 1 appeal – and you choose to continue getting care after your coverage for the care has ended – then you can make a Level 2 appeal.

**Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)****Section 7.4 Step-by-step: How to make a Level 2 appeal to have our plan cover your care for a longer time**

During a Level 2 appeal, you ask the Quality Improvement Organization to take another look at the decision on your first appeal. If the Quality Improvement Organization turns down your Level 2 appeal, you may have to pay the full cost for your home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services *after* the date when we said your coverage would end.

**Step 1: Contact the Quality Improvement Organization again and ask for another review.**

- You must ask for this review **within 60 days** after the day when the Quality Improvement Organization said *no* to your Level 1 appeal. You can ask for this review only if you continued getting care after the date that your coverage for the care ended.

**Step 2: The Quality Improvement Organization does a second review of your situation.**

- Reviewers at the Quality Improvement Organization will take another careful look at all of the information related to your appeal.

**Step 3: Within 14 days of receipt of your appeal request, reviewers will decide on your appeal and tell you their decision.*****What happens if the review organization says yes?***

- **We must reimburse you** for our share of the costs of care you have received since the date when we said your coverage would end. **We must continue providing coverage** for the care for as long as it is medically necessary.
- You must continue to pay your share of the costs and there may be coverage limitations that apply.

***What happens if the review organization says no?***

- It means they agree with the decision made to your Level 1 appeal.
- The notice you get will tell you in writing what you can do if you wish to continue with the review process. It will give you the details about how to go on to the next level of appeal, which is handled by an Administrative Law Judge or attorney adjudicator.

**Step 4: If the answer is no, you will need to decide whether you want to take your appeal further.**

- There are three additional levels of appeal after Level 2, (for a total of five levels of appeal). If you want to go on to a Level 3 appeal, the details on how to do this are in the written notice you get after your Level 2 appeal decision.

## Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

- The Level 3 appeal is handled by an Administrative Law Judge or attorney adjudicator. Section 8 in this chapter tells more about Levels 3, 4, and 5 of the appeals process.

### Section 7.5 What if you miss the deadline for making your Level 1 appeal?

#### You can appeal to us instead

As explained above, you must act quickly to start your Level 1 appeal (within a day or two, at the most). If you miss the deadline for contacting the Quality Improvement Organization, there is another way to make your appeal. If you use this other way of making your appeal, *the first two levels of appeal are different.*

#### Step-by-Step: How to make a Level 1 *Alternate* appeal

Legal Term
A “fast review” (or “fast appeal”) is also called an “ <b>expedited appeal.</b> ”

#### **Step 1: Contact us and ask for a “fast review.”**

- **Ask for a “fast review.”** This means you are asking us to give you an answer using the “fast” deadlines rather than the “standard” deadlines. Chapter 2 has contact information.

#### **Step 2: We do a “fast review” of the decision we made about when to end coverage for your services.**

- During this review, we take another look at all of the information about your case. We check to see if we were following all the rules when we set the date for ending the plan’s coverage for services you were receiving.

#### **Step 3: We give you our decision within 72 hours after you ask for a “fast review”.**

- **If we say yes to your appeal,** it means we have agreed with you that you need services longer, and will keep providing your covered services for as long as they are medically necessary. It also means that we have agreed to reimburse you for our share of the costs of care you have received since the date when we said your coverage would end. (You must pay your share of the costs and there may be coverage limitations that apply.)
- **If we say no to your appeal,** then your coverage will end on the date we told you and we will not pay any share of the costs after this date.
- If you continued to get home health care, or skilled nursing facility care, or Comprehensive Outpatient Rehabilitation Facility (CORF) services *after* the date when we said your coverage would end, then **you will have to pay the full cost** of this care.

## Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

**Step 4:** If we say *no* to your appeal, your case will *automatically* go on to the next level of the appeals process.

Legal Term
The formal name for the “independent review organization” is the “ <b>Independent Review Entity.</b> ” It is sometimes called the “ <b>IRE.</b> ”

### Step-by-Step: Level 2 *Alternate* appeal Process

During the Level 2 appeal, an **independent review organization** reviews the decision we made to your “fast appeal.” This organization decides whether the decision should be changed. **The independent review organization is an independent organization that is hired by Medicare.** This organization is not connected with our plan and it is not a government agency. This organization is a company chosen by Medicare to handle the job of being the independent review organization. Medicare oversees its work.

**Step 1:** We automatically forward your case to the independent review organization.

- We are required to send the information for your Level 2 appeal to the independent review organization within 24 hours of when we tell you that we are saying no to your first appeal. (If you think we are not meeting this deadline or other deadlines, you can make a complaint. Section 9 of this chapter tells how to make a complaint.)

**Step 2:** The independent review organization does a “fast review” of your appeal. The reviewers give you an answer within 72 hours.

- Reviewers at the independent review organization will take a careful look at all of the information related to your appeal.
- **If this organization says yes to your appeal,** then we must pay you back for our share of the costs of care you have received since the date when we said your coverage would end. We must also continue to cover the care for as long as it is medically necessary. You must continue to pay your share of the costs. If there are coverage limitations, these could limit how much we would reimburse or how long we would continue to cover services.
- **If this organization says no to your appeal,** it means they agree with the decision our plan made to your first appeal and will not change it.
- The notice you get from the independent review organization will tell you in writing what you can do if you wish to go on to a Level 3 appeal.

**Step 3:** If the independent review organization says no to your appeal, you choose whether you want to take your appeal further.

- There are three additional levels of appeal after Level 2, for a total of five levels of appeal. If you want to go on to a Level 3 appeal, the details on how to do this are in the written notice you get after your Level 2 appeal decision.

## Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

- A Level 3 appeal is reviewed by an Administrative Law Judge or attorney adjudicator. Section 8 in this chapter tells more about Levels 3, 4, and 5 of the appeals process.

### SECTION 8 Taking your appeal to Level 3 and beyond

#### Section 8.1 Appeal Levels 3, 4 and 5 for Medical Service Requests

This section may be appropriate for you if you have made a Level 1 appeal and a Level 2 appeal, and both of your appeals have been turned down.

If the dollar value of the item or medical service you have appealed meets certain minimum levels, you may be able to go on to additional levels of appeal. If the dollar value is less than the minimum level, you cannot appeal any further. The written response you receive to your Level 2 appeal will explain how to make a Level 3 appeal.

For most situations that involve appeals, the last three levels of appeal work in much the same way. Here is who handles the review of your appeal at each of these levels.

**Level 3 appeal** An Administrative Law Judge or an attorney adjudicator who works for the Federal government will review your appeal and give you an answer.

- **If the Administrative Law Judge or attorney adjudicator says yes to your appeal, the appeals process *may or may not* be over.** Unlike a decision at a Level 2 appeal, we have the right to appeal a Level 3 decision that is favorable to you. If we decide to appeal, it will go to a Level 4 appeal.
  - If we decide *not* to appeal, we must authorize or provide you with the service within 60 calendar days after receiving the Administrative Law Judge's or attorney adjudicator's decision.
  - If we decide to appeal the decision, we will send you a copy of the Level 4 appeal request with any accompanying documents. We may wait for the Level 4 appeal decision before authorizing or providing the service in dispute.
- **If the Administrative Law Judge or attorney adjudicator says no to your appeal, the appeals process *may or may not* be over.**
  - If you decide to accept this decision that turns down your appeal, the appeals process is over.
  - If you do not want to accept the decision, you can continue to the next level of the review process. The notice you get will tell you what to do for a Level 4 appeal.

**Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)**

**Level 4 appeal** The **Medicare Appeals Council** (Council) will review your appeal and give you an answer. The Council is part of the Federal government.

- **If the answer is yes, or if the Council denies our request to review a favorable Level 3 appeal decision, the appeals process *may* or *may not* be over.** Unlike a decision at Level 2, we have the right to appeal a Level 4 decision that is favorable to you. We will decide whether to appeal this decision to Level 5.
  - If we decide *not* to appeal the decision, we must authorize or provide you with the service within 60 calendar days after receiving the Council's decision.
  - If we decide to appeal the decision, we will let you know in writing.
- **If the answer is no or if the Council denies the review request, the appeals process *may* or *may not* be over.**
  - If you decide to accept this decision that turns down your appeal, the appeals process is over.
  - If you do not want to accept the decision, you may be able to continue to the next level of the review process. If the Council says no to your appeal, the notice you get will tell you whether the rules allow you to go on to a Level 5 appeal and how to continue with a Level 5 appeal.

**Level 5 appeal** A judge at the **Federal District Court** will review your appeal.

- A judge will review all of the information and decide *yes* or *no* to your request. This is a final answer. There are no more appeal levels after the Federal District Court.

## MAKING COMPLAINTS

---

### SECTION 9 How to make a complaint about quality of care, waiting times, customer service, or other concerns

---

<b>Section 9.1</b>	<b>What kinds of problems are handled by the complaint process?</b>
--------------------	---

The complaint process is *only* used for certain types of problems. This includes problems related to quality of care, waiting times, and the customer service. Here are examples of the kinds of problems handled by the complaint process.

## Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)

### Section 9.2 How to make a complaint

#### Legal Terms

- A **“Complaint”** is also called a **“grievance.”**
- **“Making a complaint”** is also called **“filing a grievance.”**
- **“Using the process for complaints”** is also called **“using the process for filing a grievance.”**
- A **“fast complaint”** is also called an **“expedited grievance.”**

### Section 9.3 Step-by-step: Making a complaint

#### **Step 1: Contact us promptly – either by phone or in writing.**

- **Usually, calling Member Services is the first step.** If there is anything else you need to do, Member Services will let you know.
- **If you do not wish to call (or you called and were not satisfied), you can put your complaint in writing and send it to us.** If you put your complaint in writing, we will respond to your complaint in writing.
- **Here is how it works:**
  - Once we receive your grievance, CHRISTUS Health Plan Guardian (HMO) will send you an acknowledgement letter within (5) working days after we receive your grievance. We will notify you to let you know how we have addressed your concern within thirty (30) calendar days after we receive your grievance. In some instances, we may need additional time to address your concern. We may extend the time frame by up to fourteen (14) calendar days if you request the extension, or if we justify a need for additional information and the extension is in your best interest. We will send you a letter confirming the extension if an extension is needed.
  - You may also file your grievance in writing (you may mail, fax or bring it to our office, using the information in Chapter 2 Section 1 of this booklet). Under certain circumstances you may file an expedited, also known as a fast, grievance. You may file an expedited grievance if we do not agree to your request for an expedited reconsideration, also known as an expedited appeal. We will process and notify you of our decision involving your grievance no later than twenty-four (24) hours after you have filed the grievance. You may also file a grievance if you do not agree with our decision to take an extension involving a service you have requested or an appeal that has been filed by you. We must address your grievance as quickly as your case requires based on your health status, but no later than 30 days after receiving your complaint.

**Chapter 7 What to do if you have a problem or complaint (coverage decisions, appeals, complaints)**

- If we deny your appeal in whole or in part, our written decision will explain why we denied it, and will tell you about any dispute resolution options you may have.
- The **deadline** for making a complaint is **60 calendar days** from the time you had the problem you want to complain about.

**Step 2: We look into your complaint and give you our answer.**

- **If possible, we will answer you right away.** If you call us with a complaint, we may be able to give you an answer on the same phone call.
- **Most complaints are answered within 30 calendar days.** If we need more information and the delay is in your best interest or if you ask for more time, we can take up to 14 more calendar days (44 calendar days total) to answer your complaint. If we decide to take extra days, we will tell you in writing.
- **If you are making a complaint because we denied your request for a “fast coverage decision” or a “fast appeal,” we will automatically give you a “fast complaint.”** If you have a “fast complaint,” it means we will give you **an answer within 24 hours**.
- **If we do not agree** with some or all of your complaint or don’t take responsibility for the problem you are complaining about, we will include our reasons in our response to you.

**Section 9.4      You can also make complaints about quality of care to the Quality Improvement Organization**

When your complaint is about *quality of care*, you also have two extra options:

---

The principal law that applies to this *Evidence of Coverage* document is Title XVIII of the Social Security Act and the regulations created under the Social Security Act by the Centers for Medicare & Medicaid Services, or CMS. In addition, other Federal laws may apply and, under certain circumstances, the laws of the state you live in. This may affect your rights and responsibilities even if the laws are not included or explained in this document.

---

## **SECTION 2      Notice about non-discrimination**

---

**We don't discriminate** based on race, ethnicity, national origin, color, religion, sex, gender, age, sexual orientation, mental or physical disability, health status, claims experience, medical history, genetic information, evidence of insurability, or geographic location within the service area. All organizations that provide Medicare Advantage plans, like our plan, must obey Federal laws against discrimination, including Title VI of the Civil Rights Act of 1964, the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, the Americans with Disabilities Act, Section 1557 of the Affordable Care Act, all other laws that apply to organizations that get Federal funding, and any other laws and rules that apply for any other reason.

# CHAPTER 10:

## *Definitions of important words*

**Chapter 10 Definitions of important words**

**Ambulatory Surgical Center** – An Ambulatory Surgical Center is an entity that operates exclusively for the purpose of furnishing outpatient surgical services to patients not requiring hospitalization and whose expected stay in the center does not exceed 24 hours.

**Annual Enrollment Period** – The time period of October 15 until December 7 of each year when members can change their health or drug plans or switch to Original Medicare.

**Appeal** – An appeal is something you do if you disagree with our decision to deny a request for coverage of health care services or payment for services you already received. You may also make an appeal if you disagree with our decision to stop services that you are receiving.

**Balance Billing** – When a provider (such as a doctor or hospital) bills a patient more than the plan's allowed cost-sharing amount. As a member of CHRISTUS Health Plan Guardian (HMO), you only have to pay our plan's cost-sharing amounts when you get services covered by our plan. We do not allow providers to "balance bill" or otherwise charge you more than the amount of cost sharing your plan says you must pay.

**Benefit Period** – The way that both our plan and Original Medicare measures your use of hospital and skilled nursing facility (SNF) services. A benefit period begins the day you go into a hospital or skilled nursing facility. The benefit period ends when you have not received any inpatient hospital care (or skilled care in a SNF) for 60 days in a row. If you go into a hospital or a skilled nursing facility after one benefit period has ended, a new benefit period begins. There is no limit to the number of benefit periods.

**Centers for Medicare & Medicaid Services (CMS)** – The Federal agency that administers Medicare.

**Chronic-Care Special Needs Plan** – C-SNPs are SNPs that restrict enrollment to special needs individuals with specific severe or disabling chronic conditions, defined in 42 CFR 422.2. A C-A SNP must have specific attributes that go beyond the provision of basic Medicare Parts A and B services and care coordination that is required of all Medicare Advantage Coordinated Care Plans, in order to receive the special designation and marketing and enrollment accommodations provided to C-SNPs.

**Coinsurance** – An amount you may be required to pay, expressed as a percentage (for example 20%) as your share of the cost for services.

**Complaint** – The formal name for "making a complaint" is "filing a grievance." The complaint process is used *only* for certain types of problems. This includes problems related to quality of care, waiting times, and the customer service you receive. It also includes complaints if your plan does not follow the time periods in the appeal process.

**Copayment (or “copay”)** – An amount you may be required to pay as your share of the cost for a medical service or supply, like a doctor’s visit, hospital outpatient visit, or a prescription. A copayment is a set amount (for example \$10), rather than a percentage.

**Cost Sharing** – Cost sharing refers to amounts that a member has to pay when services are received. Cost sharing includes any combination of the following three types of payments: (1) any deductible amount a plan may impose before services are covered; (2) any fixed “copayment” amount that a plan requires when a specific service is received; or (3) any “coinsurance” amount, a percentage of the total amount paid for a service, that a plan requires when a specific service is received.

**Covered Services** – The term we use to mean all of the health care services and supplies that are covered by our plan.

**Creditable Prescription Drug Coverage** – Prescription drug coverage (for example, from an employer or union) that is expected to pay, on average, at least as much as Medicare’s standard prescription drug coverage. People who have this kind of coverage when they become eligible for Medicare can generally keep that coverage without paying a penalty, if they decide to enroll in Medicare prescription drug coverage later.

**Custodial Care** – Custodial care is personal care provided in a nursing home, hospice, or other facility setting when you do not need skilled medical care or skilled nursing care. Custodial care, provided by people who do not have professional skills or training include help with activities of daily living like bathing, dressing, eating, getting in or out of a bed or chair, moving around, and using the bathroom. It may also include the kind of health-related care that most people do themselves, like using eye drops. Medicare doesn’t pay for custodial care.

**Disenroll or Disenrollment** – The process of ending your membership in our plan.

**Dual Eligible Special Needs Plans (D-SNP)** – D-SNPs enroll individuals who are entitled to both Medicare (title XVIII of the Social Security Act) and medical assistance from a state plan under Medicaid (title XIX). Examples include walkers, wheelchairs, crutches, powered mattress systems, diabetic supplies, IV infusion pumps, speech generating devices, oxygen equipment, nebulizers, or hospital beds ordered by a provider for use in the home.

**Emergency** – A medical emergency is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life (and, if you are a pregnant woman, loss of an unborn child), loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

**Hospice** – A benefit that provides a special treatment for a member who has been medically certified as terminally ill, meaning having a life expectancy of 6 months or less. You can still obtain all medically necessary services as well as the supplemental benefits we offer.

**Low Income Subsidy (LIS)** – See “Extra Help.”

Network providers are also called “plan providers.”

**Original Medicare** (“Traditional Medicare” or “Fee-for-service” Medicare) – Original Medicare is offered by the government, and not a private health plan like Medicare Advantage Plans and prescription drug plans. Under Original Medicare, Medicare services are covered by paying doctors, hospitals, and other health care providers payment amounts established by Congress. You can see any doctor, hospital, or other health care provider that accepts Medicare. You must pay the deductible. Medicare pays its share of the Medicare-approved amount, and you pay your share. **PACE plan** – A PACE (Program of All-Inclusive Care for the Elderly) plan combines medical, social, and long-term care (LTC) services for frail people to help people stay independent and living in their community (instead of moving to a nursing home) as long as possible. PPO plans have an annual limit on your out-of-pocket costs for services received from network (preferred) providers and a higher limit on your total combined out-of-pocket costs for services from both network (preferred) and out-of-network (non-preferred) providers.

**Rehabilitation Services** – These services include physical therapy, speech and language therapy, and occupational therapy.

For plans that limit which doctors and hospitals you may use, it's also generally the area where you can get routine (non-emergency) services.
